TRANSPACIFIC PLANE HAS NO FUEL MARGIN

Crew of Southern Cross Reports Anxiety While Still 500 Miles From Suva

If Machine Makes Suva It Will Be With No Gasoline For Further Flight

Pago Pago, Samoa, June 4.—Fear that the transpacific monoplane Southern Cross might not have enough gasoline in its tanks to complete the flight from Hawaii to Suva, Fiji Islands, was expressed in a message received here at 12:46 Pacific Coast time, (Victoria time) this afternoon. The plane reported it was 500 miles due north of Suva and to the westward of its course. Fuel sufficient for seven hours' flight was left in the tanks, the message received by naval radio station indicated.

"May be able make Suva, yet doubtful," the crew of the plane signalled. The message, which indicated the Southern Cross had drifted considerably to the westward of its course, read: "We are now due north and to the westward of our course. Our approximate position is now 500 miles north of Suva. Only about seven hours gasoline left. Our speed is seventy-five knots. May be able to make Suva, yet doubtful."

The Hawaii-Suva route is 3,138 miles.

UNFAVORABLE CONDITIONS.

Fanning Island, June 4.—This cable station, 1,200 miles south of the Hawaiian Islands, heard this message at 9:30 a.m. Pacific Coast Time (Victoria time) to-day from the monoplane Southern Cross: "Having poor flying conditions now. Weather changeable. We have been dodging rain clouds and flying in circles sometimes. It certainly would have been unfortunate if it were not for our old friend the moon."

FLYING IN CIRCLES

Honolulu, June 4.—Sometimes flying in circles, dodging storm clouds, while circling 1,600 feet over the South Pacific Ocean, the monoplane Southern Cross and its crew of four were endeavoring at 9:30 a.m. Pacific Coast time (Victoria time) to reach Suva, Fiji, 750 miles away.

There seemed a possibility the harassed plane might endeavor to alight at the fanning island, which is short by hundreds of miles the second stage journey of 3,138 miles from Hawaii.

Messages picked up by the naval radio station and radio Corporation of America stations here read: "7:35 a.m. Motors racing at altitude of 8,000 feet. We are endeavoring to make Suva. Every way we turn there are black clouds under us. Well, but we are riding high at 8,500 feet."

EX-PRESIDENT OF CHINA DIES

Li Yuen-Hung Was Head of Oriental Republic in 1916-17 and in 1922-23

Tientsin, China, June 4.—Li Yuen-hung, former President of China, died last evening in his residence at the British Consulate here.

Li Yuen-hung, who was mainly responsible in holding the Shanghai peace conference which paved the way for the abdication of the Manchus, became Vice-President of the Chinese Republic in 1912, when it was founded. In June, 1916, he succeeded Yuan Shikai as President and resigned on July 1, 1917, when Chang Hsun restored the Manchu monarchy. In 1922 he again became President, but was compelled to leave Peking in September, 1923.

ROBBERS FAIL IN VANCOUVER

Wreck Three Office Safes, But Large Loot Expected Is Not There

Vancouver, June 4.—Safecrackers plied their trade at three places in Vancouver during the week-end, according to police reports. "Slop" or nitroglycerine being used in one instance, while in two others the "wrenching" method of tearing the combination dials from the doors of the strongboxes was used in efforts to gain entrance to the safes.

At the premises of Timms, a printer, at 236 Fourteenth Avenue East, an explosive was used, the door of the safe being blown open and considerable damage done, but as far as could be ascertained the work of the cracksmen yielded them nothing.

NO BEER PARLOR LOOT

At the Pender Hotel, 612 Pender Street East, yeags gained entrance to the beer parlor safe, but failed to obtain any loot, despite the fact that they wrenched the dial from the combination and knocked the tumblers out, thus opening the door of the safe. The third break was made at the office of the Morrow Ice Company at 1025 Main Street, where similar tactics to those employed at the Pender Hotel were used, with similar results. The theory of the police being that two sections of the safe dial, one being "slop" men and the other "crackers," operated at the same time.

WORLD RECORD FOR ENDURANCE FLIGHT IS SET

Brussels, June 4.—A new world record for sustained aeroplane flight was established to-day when Adjutant Louis (Croq) and Sergeant Pilot Victor Brénon, Belgian fliers, landed at Tirimont after being in the air 69 hours and 8 minutes.

President Addresses Annual Convention of Canadian Association in the East

Aboard St. Lawrence, Quebec, June 4.—While reviewing a year of expansion in Canadian industry, W. S. Falls, president of the Canadian Manufacturers' Association, in presenting his annual report at the Association's convention to-day, stated that it is no longer satisfactory to contemplate the imports, particularly those of a class or kind produced in Canada.

President Falls presented his review of the year at the opening session of the convention, being held on board the steamship St. Lawrence en route to the Lake St. John district. Delegates representing all parts of Canada are attending.

EMPLOYMENT AND PROFITS

"It should be our constant endeavor and also a matter of public policy to increase the percentage of manufactured goods in the exports in order to secure the greatest possible amount of employment and profit for Canadians through the fabrication of these materials in Canada," Mr. Falls asserted.

His review touched on the international situation and found that extreme economic and social theories were losing their hold and, in his opinion, being succeeded by reasonable views. As a result international trade and finance were gradually increasing.

MINING GROWTH

He referred to the "extraordinary" extension of mining in Quebec, Ontario, Manitoba, Saskatchewan and British Columbia, which had tended to increase employment and create new markets.

In the distribution field, he stressed changing conditions being brought about through the development of department stores, chain stores, and (Concluded on page 15)

Canada in for Great Expansion, But Stocks in East Too High, President of Bankers Declares

"Stocks in New York and Montreal are too high now," said A. E. Phipps of Toronto, president of the Canadian Bankers' Association and general manager of the Imperial Bank of Canada, on his arrival here for a business visit to the local branch of the bank and to spend a couple of days with his mother, who lives here.

"It is possible, like Mr. Durant said last week, that some stocks may go higher, but in the long run the public will be caught. The bull market in stocks is just like the real estate boom throughout the West when prices were driven too high.

"Conditions across Canada are sound now and our country is in for a period of expansion that will extend over a considerable time. To say that

FRASER FLOOD PASSES AWAY

New Westminster, June 4.—The Fraser River has dropped more than two feet since 9 a.m. Saturday, when the official gauge at Mission recorded twenty feet five-and-one-half inches. On Sunday at 9 a.m. it was nineteen feet four-and-one-half inches. To-day it is eighteen feet five inches and steadily dropping.

RUMOR ITALIA IS ON ISLAND

Soviet Government to Send Expedition to Franz Josef Land to Seek Dirigible

Moscow, June 4.—Convinced of the possibility that the missing North Pole dirigible Italia may have come down on Franz Josef Land, east of Spitzbergen, the Russian Bellet Commission has decided to send an expedition to that little known region.

Moscow, June 4.—The Soviet Russian Noble rescue commission, which has been investigating a report by a radio amateur that he has picked up a message believed to be from the missing dirigible Italia from Franz Josef Land, to-day held a growing belief that the Noble expedition may have landed at that place.

The radio amateur at Voznesensk in North Dvinsk province, bordering Archangel, confirmed reports of the message giving the full name of the dirigible, naming the rescue mission, and partly garbled, of the appeal. It read: "Italia, Nobile, Franz Josef, SOS, SOS, SOS, Periteno Ehn."

This message was received on a 33-35 wave, corresponding to the Italia's radio station, the amateur stated.

PREMIER DENIES HE DISCUSSED B.C.E.R. CHANGE

Referring to Vancouver reports which quoted him as discussing the recent reorganization of the British Columbia Electric Railway Company, Premier Maclean declared to-day that he had said nothing on this subject beyond his brief reference to it in a speech at Westminster recently. On that occasion the Premier pointed out that the Government had the right to control rates. Since then he has not discussed the matter, he said this morning.

Former Victorian Dies in California

Vancouver, June 4.—Word has been received here of the death in San Francisco recently of Eric W. O. Hicks, former resident of this city and employee of the Bank of Montreal in Vancouver and Victoria. Besides his parents, he is survived by a brother, Lawrence, and a sister, Yvonne.

After honeymooning at the Empress Hotel, Mr. and Mrs. E. J. Moran of San Francisco have just left the city on an auto tour over the Pacific Highway which will terminate at the Golden Gate.

Mr. Moran is an officer in the United States navy service and recently concluded eleven months' service with the U.S. marines in Nicaragua. He obtained leave to get married and this city was chosen as the honeymoon venue.

Mr. Moran, according to friends in Victoria, has the distinction of being the soundest sleeper in the American navy.

EX-CHIEF OF NORTH CHINA IS WOUNDED

Several of Chang Tso-Lin's Supporters Killed When His Train Bombed

Former North China Dictator in Critical Condition Now in Mukden, Manchuria

Tokio, June 4.—Dispatches from Mukden, Manchuria, say Chang Tso-Lin, former Northern Chinese Dictator, who was injured in a bomb explosion this morning en route to Mukden from Peking, is reported in a serious condition. He is now in Mukden.

SEVERAL KILLED

Tokio, June 4.—An official War Office dispatch to-day said Chang Tso-Lin, Manchurian war lord, was slightly wounded when the train, in which he was traveling from Peking into retirement was bombed. Several other persons were killed and wounded in the bomb attack, which was made near Mukden, Manchuria.

Chang's bodyguard fired at Southern Chinese who threw the bombs. The Chinese were not in uniforms.

Press dispatches that Japanese troops guarding the railway line had clashed with the Chinese were denied in the War Office dispatch.

Man Who Recently Defeated Mrs. Landes in Election Takes Over Control

Seattle, June 4.—The administration of a metropolitan United States city, passed into civic history to-day when Frank Edwards took office as city executive with little or no ceremony. The biggest immediate change was a march of "gold braid" police officers from headquarters to "the sticks" and vice-versa. Some who were banished to outlying precincts when Mrs. Landes became mayor two years ago again took over desks in the City Hall, while their erstwhile superiors were humbled.

Louis J. Forbes, former lieutenant, became chief of police, and appointed Joseph T. Marston, former captain, as his aide with the title of inspector. Edwards was closest with his advisers all morning, presumably over pending appointments, the actual taking over of the city reins being carried out at noon. John E. Carroll, president of the city council, had been acting mayor since the departure last week of Mrs. Landes for the East.

Wire-tapping Evidence Is Now Accepted in U.S.

Washington, June 4.—Evidence of crime obtained by Federal agents by tapping telephone wires was declared by the Supreme Court of the United States to-day to be valid and admissible in evidence largely obtained by unlawful search and seizure such as are prohibited by the Fourth Amendment to the Constitution.

Under the decision the conviction of Roy Olmsted and about ninety others of Seattle, Washington, on charges of conspiracy to violate the prohibition law, and to secure large sums of money for Government agents by wire tapping was sustained.

TWO DIE IN PENNSYLVANIA TRAIN WRECK

Mount Carmel, Pa., June 4.—Two trainmen were killed and seven others injured when Lehigh Valley passenger train No. 209, bound for New York to Mount Carmel, was wrecked last night near here.

The engine and tender went over a 75-foot embankment, carrying the engine, Neal Conahan, fifty of Hazelton, Pa., and the fireman, F. Hoffman, thirty eight. Mount Carmel, to almost instant death.

RONALD M'RAE DIED SUNDAY

Had Been Resident of Cedar Hill Forty-four Years

A resident of British Columbia since 1875, and for forty-four years of that time in Victoria, Ronald C. McRae died at his home, "Twin Oaks," Cedar Hill Road, last evening, leaving many friends throughout the Province to mourn his passing.

The late Mr. McRae was born in Ross-shire, Scotland, in 1844 and came to Canada when a lad of only eleven years of age. He resided with his parents on a farm at Olenburg, Ontario, for nine years when, attracted by the lure of the West, came out to California. In 1875 he went to Nicola, in the interior, and established a stock ranch, but after nine years came to Victoria and had resided here ever since. For many years he was a devoted member of St. Aidan's Church, Mount Tolmie.

His wife predeceased him eighteen years ago and he is survived by three children, Mrs. J. McRae of Cedar Hill Road; Dr. A. A. McRae, dentist of Vancouver; and Miss Isabelle McRae at home.

The funeral will be held from the Sands Funeral Chapel on Wednesday at 1:30 o'clock. Rev. M. D. McKee officiating. Interment will be made in the family plot in Ross Bay cemetery. It is requested that no flowers be sent.

HIS MAJESTY ACKNOWLEDGES GOOD WISHES

Victoria Observes King's Birthday; Garden Party at Government House

Ottawa, June 4.—His Majesty the King has sent the following reply to the Governor-General's birthday greetings: "I sincerely thank you, the Governor-General, and the loyal people of Canada for their loyal greetings and good wishes for the future which I deeply appreciate."

The presence of many flags in the streets and on the principal buildings of the city yesterday and to-day were significant of Victoria's loyal remembrance of His Majesty's sixty-third birthday, attained yesterday. Owing to the date falling on a Sunday, the anniversary is being officially observed to-day, and all public buildings in the city, including the Parliament Buildings, courts and City Hall, were closed for the day, the staffs observing the holiday. Only maintenance workers employed by the city were retained for the day.

AT GOVERNMENT HOUSE

At Government House this afternoon His Honor the Lieutenant-Governor and Mrs. Mackenzie entertained at a garden party in honor of the King's birthday, many hundreds of guests being invited. The affair was also in the nature of a farewell gathering, as His Honor and Mrs. Mackenzie will leave to-morrow for Great Britain on a visit of several months.

They received their many guests on the lawn before the Summer house, which is just now lovely with its early Summer flowers and hanging baskets. After the formal reception the guests repaired to the tennis lawn where tea was served from a huge marquee. During the afternoon the Canadian Scottish Junior Pipe Band played selected Scottish airs, their smart appearance eliciting much admiring comment.

The royal salute of twenty-one guns in honor of the King's birthday was fired from Work Point Barracks at noon to-day in accordance with time-honored custom.

KING'S HONORS LIST ISSUED

Three Men in Britain Raised to Peerage; Five New Baronets

London, June 4.—Three new peerages, five baronetcies and a large number of knighthoods are included in the honors list issued to-day in connection with the birthday of King George, June 3.

Several of the knighthoods are conferred on residents of Australia, New Zealand and Rhodesia and residents of India.

MOND HONORED

The three new peers are: Sir Alfred Mond, Conservative M.P. for Carmarthen, chairman of the Imperial Chemical Industries Limited and president of the Mond Nickel Company, Coalition, Ont.

Colonel Sir James Remnant, Conservative M.P. for Holborn.

Sir George Rowland Blades, Conservative M.P. for Epsom, who made such an outstanding success last year as Lord Mayor of London.

The creation of these new peerages involves by-elections.

PLANE MAKES FIRST LEG OF ATLANTIC HOP

Two Pilots and Boston Young Woman Fly From Halifax to Trepassey, Nfld.

Trepassey, Nfld., June 4.—The Fokker monoplane Friendship, piloted by Wilmer Stultz and carrying Lew Gordon and Miss Amelia Earhart, arrived here from Halifax, N.S., at 1:35 this afternoon, Atlantic daylight time, four hours and twenty-two minutes after it had left Halifax. Trepassey will be used as the starting-point of a proposed hop across the Atlantic to England, probably the port of Southampton. The time of the departure from Trepassey had not been decided.

START FROM HALIFAX

Halifax, June 4.—Favored by a perfect June morning and beating by favorable weather reports covering the course of their flight, Wilmer Stultz and two companions took off from the unimproved surface of Halifax Harbor at 9:45 morning Atlantic Daylight Saving Time in the big orange and gold tri-motored Fokker monoplane Friendship, en route to Trepassey, Nfld., where after refueling the machine they will take off for England.

The pilot's companions are Miss Amelia Earhart, fair-haired social worker of Boston, who hopes to be the first woman to fly the Atlantic, and Lew Gordon, Boston, air mechanic.

CITY COUNCIL MEETS TUESDAY

Report on Motion Picture Plan Is Expected From Committee

The attitude of the city in regard to the motion picture proposals of Pacific Pictures Limited will be discussed at a meeting of the industrial committee of the City Council, called for 3:30 p.m. to-morrow.

Two aldermen have taken advantage of the invitation of the chairman of the committee to put their questions in writing. Aldermen J. L. Mara and John Worthington having filed a stage of questions for answer, in regard to various details of the scheme.

Alfred Huxwick and associates are to meet the committee to-morrow afternoon, and will outline their project in detail. It is understood. The city is asked for a suitable site at a nominal fee, and low rates on water. No other form of direct aid is sought from the corporation, it is stated. A report from the industrial committee, under Alderman H. O. Litchfield, will be made to the City Council at its adjourned meeting at 8 p.m. to-morrow.

Other business before the council will include discussion and final passage of the permanent zoning by-law, after recent amendment.

The cold storage project is in abeyance, pending advice from the parties interested. No further word has been received from Mayor J. C. Pendray, who is in the East on behalf of the city in regard to the cold storage plans of H. O. Brown and the Municipal Debenture Corporation. The city has been asked to join with the terminal warehouse interests in applying for a lease of a suitable site at Ogden Point.

The city is also awaiting word of the progress of developments in regard to the reverted land negotiations with George McManus and associates in Los Angeles. The city has given a ninety-day option to Mr. McManus, who has been ready to contribute to the exercise of that privilege. Before his departure for the East recently, Mayor Pendray stated that negotiations were proceeding but nothing definite had yet been arrived at in that connection.

MAN WOUNDS HIS BISHOP AND KILLS HIMSELF

Rev. J. W. Woodward Ends Life After Attack on Church Head in Charleston, S.C.

Charleston, S.C., June 4.—Right Rev. W. A. Querry, Episcopal Bishop of the South Carolina diocese, was shot in the chest and seriously wounded to-day by Rev. J. W. Woodward, at the diocesan headquarters here here to-day by Rev. J. W. Woodward of Brunswick, Ga., who then turned the gun on himself and committed suicide.

The shooting was done shortly after 12 o'clock, but no announcement was made until more than an hour later, when hospital authorities disclosed the bishop was there. No reason for the shooting was given.

The bishop's condition was said to be critical.

Woodward died on the way to a hospital.

The bishop and the Georgia minister were alone in the bishop's office at the time. Friends outside the office said there had been no loud talking, nor any indication of trouble.

The only explanation, it was said at dissection, was that Woodward suddenly became demented.

At the hospital the bishop was in the operating room at 2 p.m. Physicians were endeavoring to find the bullet.

FRED JACOB DIES AT TORONTO HOME

Toronto, June 4.—Fred Jacob, well-known author of dramatic criticism of The Toronto Mail and Empire, died here last night following a severe attack of asthma, from which he had been suffering for some time.

Fred Jacob was born in Elora, Ontario, October 31, 1882. He was educated at the Elora public and high schools, after which he went to work in a Toronto business office. In 1903 he joined The Mail and Empire staff as editor of the children's page. After several years as assistant dramatic editor, he became dramatic editor in 1910. Mr. Jacob was a versatile writer, the author of several prize poems, one-act plays and a few novels.

Years ago Mr. Jacob was deeply interested in lacrosse. For several years he was the president of the St. Simon's Lacrosse Club in Toronto and to him was due much credit for the championships that team won.

The United Church Missionaries on Furlough

Probably less than 6,000 of the 8,000 missionaries who evacuated China during eruptions of last year, will return to their posts at present, according to Frank Dickinson of Yarmouth, Nova Scotia, who was a passenger on the Ss. President Jefferson, arriving from the Orient this morning.

Mr. Dickinson, who is a missionary for the United Church of Canada, has been in charge of the agricultural department of the Union University at Chengtau, in Szechuan province. He is on furlough with George Sparling of St. Mary's, Ontario, vice-president of the university.

"We see little hope for an immediate peaceful outcome of the Chinese situation," said Mr. Sparling. "One military faction after another rises up to overthrow the previous commanders. The Nationalists have announced they will do away with militarism, but don't see how they can possibly do so. They must protect their own interests."

The garden party will commence at 3.30 p.m.

SOCIAL AND PERSONAL

Miss Evelyn Neate, daughter of Mr. and Mrs. J. L. Neate of 2949 Albina Street, left this afternoon for Toronto where she has accepted a position in the school department of the United Typewriter Company of Canada. Miss Neate won the novice typewriting championship of Canada last year and the intermediate championship of Canada this year. In both cases she attained a higher standard than any previous winner. Miss Neate will commence training for the world amateur typewriting championship to be held in Sacramento, California, on September 12, 1928.

THERE ARE TWO SIDES TO LOYALTY

By OLIVE ROBERTS BARTON

Katie had been with the family for ten years, staunch, faithful, friendly soul that she was, bearing with morning tempers that found fault with the breakfast waiting for belated members to get home to dinner, trying her best to keep things comfortable and clean, putting up with snubs and all sorts of things, as a return for her daily toil.

Katie loved her family and in its way the family seemed to love her. Mother and the girls slipped off singly to the kitchen to pour their troubles into her sympathetic ears, and even Father had been known, when pilfering the refrigerator while Katie set the sponge for the bread, to tell her what a trial the office was and all about his troubles. He liked to hear her say, "You do work too hard, Mr. Brown. I'm telling you. I notice you're not eating much these days and I say to Mrs. Brown, I say, Mr. Brown's working too hard and he ought to go away for a rest."

That was pretty much for Father's ears.

When there was sickness, or as happens in the best of families, a birth, or a death, Katie was as excited, or as sympathetic, as though the entrances and exits had been her own.

In plain words, Katie was the pivot upon which swung the fortunes of the Brown family. She was twenty-five when she came, she was thirty-five when she left. Yes, she had to leave to take care of her mother, and strange as it may seem, it nearly broke her heart. The Browns were her children, she had given them the love of her life—her mother had become a romance. But here's what the Browns did. From the minute they knew that Katie had to go, they became sulky. They came right out in meeting and told friends and neighbors that it was all an excuse, that Katie was an ingrate and everything under the canopy besides. "But what can you expect!" said Mrs. Brown. "There isn't such a thing as loyalty these days."

Katie heard it, but said nothing. What could she say?

Had she been died in reprieve, she might have said, "And why?"

Courtenay

The fourth inter-school track and field meet for schools north of and including Nanaimo drew large crowds of children and adults from all over the district to Courtenay last week. Practically every school in the north island inspectorate was represented, and it is a tribute to the Courtenay committee that the events went off as smoothly as they did, considering the large number competing.

The high school section attracted much attention for the reason that Cumberland and Courtenay schools were the only two competing. Throughout the day, as the sports progressed, there was scarcely more than four

points separating the two, with Courtenay having the advantage, but towards the close of the meet Cumberland pulled up and won out by two points, 57 to 55. They thereby have possession of the Victoria Daily Colonist Cup for another year, having won it in 1925.

Courtenay retaliated, however, by walking away with the public school division, having a clear lead of eleven points over Brechin, its nearest competitor. Courtenay scored 56 points, Brechin 45, Cumberland was third with 41 and Nanaimo fourth with 40. Other schools in order of merit follow: Comox 39, Tofino 36, Minto 23, Harwood 19, Bevan 16, Union Bay 6 and Royton 4. Brechin won the Qualicum Beach Challenge Cup for the highest scoring four-roomed school. Minto won the Neill Cup for the best two-roomed school, and Royton won the Nanaimo Rotary Club Cup for the best one-roomed school. Courtenay's win gave it possession of the Comox Acie of Eagles Cup.

Medals were given in each event for first and second place winners, and a ribbon for third place, while in some instances cups were also presented. One of the features of the day was the broad jumping (running) of the seventeen-year-old Cumberland Japanese, N. Hayashi, who cleared 20 feet 8 inches with comparative ease, constituting a record for this event in this district. Cliff Laver for Courtenay and N. Hill for Cumberland were also consistent winners for their respective high schools. The last event on the programme was a five-a-side football competition between Cumberland and Brechin, which Cumberland won. Full results were as follows:

Advertising Achievement

THE true measure of Advertising Service may be found in that one word... achievement. Individually we may venture an opinion as to advertising merit, but collective judgment, free from the danger of personal bias, is the crucial test.

It seems noteworthy that in every case where impartial judges, from Canada and the United States have been invited by the Board of Trade to pass judgment on various advertising campaigns, they have awarded first prize honors to McConnell & Fergusson Ltd. in every competition they have entered.

Nor have these honors been won by one man or one office, but collectively, as an organization, each executive adding his quota to the record of achievement.

AWARDS MADE

The following awards have been made to the Western Offices of McConnell & Fergusson Ltd. during the past eight months.

First Prize and Silver Cup

—for the best cooperative Advertising Campaign. Awarded to McConnell & Fergusson Ltd. at the Exposition of Advertising & Graphic Arts, Vancouver, for the campaign of the Associated Growers of B.C. Ltd., prepared by Mr. V. C. Irons, Manager, Vancouver Office (left top).

First Prize and \$100

—for the best advertising campaign submitted for marketing B.C. products. Awarded to McConnell & Fergusson Ltd. by the Vancouver Board of Trade, for the campaign prepared by Mr. W. C. Stannard, Account Executive, Vancouver Office (right top).

First Prize and Certificate

—for the best general Advertising Campaign prepared for a client by an agency. Awarded to McConnell & Fergusson Ltd. at the Exposition of Advertising & Graphic Arts, Vancouver, for the campaign of the Western Canada Daily Newspaper Association, prepared by Mr. D. C. Coutts, Manager, Winnipeg Office (right bottom).

First Prize, Silver Cup and \$100

—for the best Commercial Poster in flat colors. Awarded to Mr. Geo. S. McIntosh, Staff Artist to McConnell & Fergusson Ltd., Vancouver, at the Exposition of Advertising and Graphic Arts, Vancouver (left bottom).

Manufacturers are cordially invited to utilize this service of advertising experts in the solution of their marketing problems.

Victorian Is Revealed as Hero Of Weird War Adventure in Air

The story of one of the weirdest aerial adventures of the Great War, with a Victorian as its central figure, is told in this week's issue of Liberty by A. Roy Brown, the Canadian ace who shot down Richthofen.

The hero of the experience was A. W. Carter, head of the motor sales firm of A. W. Carter Limited, 931 Yates Street. Before the war he was at Western Canada College, Calgary, a pupil of W. A. Patterson, now also of Victoria.

"Luck on the Wing—How the Fickle Goddess Flirted With Fliers," Capt. Brown entitles his article and plunges right into the story of the uncanny experience of the Victorian aviator, thus: "Engines wide open or engines dead—luck was an affair of chance! On some men she strung horseshoes with bells—as in the case of Nick Carter. On others she hung crepe."

"Nick is back now in Victoria, selling automobiles. That is because Lady Luck, though she kidded him a couple of times, never actually turned thumbs down."

"The first time was in 1917 at Mor-eau on the Somme, where it was a whim of the brass hats who helped to decide flying men's destinies to maintain what was called an advanced landing field."

"This was about the size of a suburban building lot. It was near the lines. Here a pilot with a machine was constantly on duty. From this field he was expected to hop out and bump off enemy spotters—if he could—no matter what the weather."

HITS STRAIGHT ON

"This day it was Nick's turn. He had been out and was on his way back. But the fog, which had not seemed so bad when he took the air, had become as opaque as butter-milk. Every faculty he had was strained to the limit to (Continued on page 4)

WILL SEARCH BY AIR FOR ITALIA

Seaplane Arrives at King's Bay, Spitzbergen, With Norwegian Flier

King's Bay, Spitzbergen, June 4 (Copyright by the Associated Press).—The seaplane arrived here at 6 o'clock this morning with Lieut. Lut-zow Holm, Norwegian flier, and it was hoped the first search by air for the missing dirigible would be under way soon.

The ship, with Lieut. Holm, Mechanic Myre and the seaplane in which they intend to search, will go north as soon as possible to Virgo Bay, Amsterdam Island. By exploring flights, which will start from there as soon as the weather is good, they will make for Wildefjord and the islands to the north. Later several trips will be made to search special places for the Italia.

Weather conditions were bad to-day for flying and a fog prevailed. The plane can do 120 kilometres an hour for five hours.

CROSS FUNERAL AT EDMONTON

Death of Former Attorney-General of Alberta Widely Regretted

Edmonton, June 4.—The funeral of the late Hon. Charles W. Cross will be held here Wednesday afternoon. There will be a service in the First Presbyterian Church.

The body was brought to Edmonton yesterday from Calgary, where the former Attorney-General of Alberta died suddenly Saturday after an illness of only two days.

Widespread regret at the death is expressed here.

Charles Wilson Cross, K.C., of Edmonton, the first Attorney-General of Alberta and as a Liberal, a prominent figure of Alberta political life for many years, died in a Calgary hotel Saturday afternoon. On his way home from the British Columbia coast, he had arrived in Calgary earlier in the week.

On Friday he was taken ill with heart trouble.

His wife was with him at the end.

HELPED BUILD PROVINCE

As a young and promising Edmonton lawyer, Mr. Cross was taken into the first Government of the province when it was formed by Hon. A. G. Rutherford in 1905.

From that time onward for many years he sat in the Legislature, taking an active part in the tasks of building a new province. He was elected at the general election following the formation of the Rutherford ministry and was re-elected in 1908, 1912 and 1917. In 1913 he was elected in both Edmonton and Edson, and in the latter year for Edson.

Mr. Cross held his portfolio in the Government until March 9, 1910, when difficulties followed the award of a contract to build the Edmonton, Dunvegan and British Columbia Railway. Charges had been made and although when investigated by three members of the Alberta judiciary Mr. Cross and his associates were exonerated from blame, they nevertheless resigned their positions in the Cabinet. Hon. A. L. Sifton then resigned his position as Chief Justice of the province to become the new Liberal Premier. He cancelled the contract to build the northern railway, but because bonds had already been issued, a decree of the Privy Council in London made its construction necessary.

On May 4, 1913, Mr. Cross was made a King's Counsel and taken into the Sifton Ministry as Attorney-General. On May 27 he was re-elected after accepting office. From that time until August 29, 1918, when he retired from the Cabinet, he directed the Attorney-General's Department.

He was re-elected as a member in the general election of 1921.

MEMBER OF COMMONS

Mr. Cross was last in the political limelight in 1925 and 1926 when he contested Athabasca for a seat in the House of Commons. In the general election of 1925 he was successful and held a seat in the House until the dissolution of that Parliament the following year. In 1926 he was defeated by D. F. Keiller, U.F.A.

PLANE MAKES FIRST LEG OF ATLANTIC FLIGHT

(Continued from page 1)

PLANE BUILT FOR BYRD

The plane, formerly that which Commander Richard E. Byrd was proposing to take on his Antarctic flight, and recently christened Friendship, landed here yesterday after battling with dense fog along the Nova Scotia coast on the first leg of a transatlantic hop

sponsored by the Mechanical Science Corporation of New York. The fliers left Boston early Sunday morning.

The heavy plane, recently fitted with pontoons, took off in the face of an almost imperceptible westerly breeze, carrying a fuel load of about 400 gallons of gasoline.

Miss Earhart said she carried no mascot and that she had not been nervous at any time since she started on the flight.

RADIO SET CARRIED

The plane carries a radio set for

sending and receiving, using a 600-metre wavelength.

Wilmer Stultz is chief pilot, navigator and radio operator. He said he would send messages when he could, but did not contemplate any continuous bulletin service.

He said both Gordon and Miss Earhart were qualified pilots and would take their turn at the controls.

In New York, George Palmer Putnam, publisher, said he and his fellow backers of the flight were interested primarily in scientific experimentation in air transportation over water.

BYRD'S OPINION

Commander Byrd said: "I believe the flight of the three-engine plane, that will fly with one engine dead, which is equipped with floats for landing in water, is the next step in transatlantic flying and is a sensible pioneering effort."

"I wish the pilot and crew good luck and every success, and have confidence in the courage and ability of the personnel."

"Their landing at Halifax demonstrates the value of floats for landing in water in emergency, as there are no landing places in that region for landing on wheels."

Medford, Ore., June 4.—In a letter written to her sister from Boston, last Friday and made public to-day, Miss Amelia Earhart explained her prospective transatlantic flight as an attempt to "play for a large stake."

CAME UNEXPECTEDLY

"If I succeed," she wrote, "all will be well. If I don't I shall be happy to pop off in the midst of such an adventure. My only regret would be leaving you and mother stranded for a while. I have not told you about the affair, as I did not want to worry mother and she would suspect if I told you. The whole thing came so unexpectedly that few knew about it."

"Sam will tell you the whole story. Please explain all to mother. I could

THE RIGHT ANSWER

NOBODY WILL QUARREL WITH THE terms in which Canada has accepted the United States invitation to become a party to a treaty outlawing war as an instrument of national policy. The Dominion Government sees nothing in the proposal which Mr. Kellogg has submitted that is likely to conflict with this country's undertakings as a member of the League of Nations.

Canada is a country of peace. We have a lot of work to do here. Our population is comparatively small; but it is the duty of our nine millions to do the spade work for the tens of millions who will come after them. They can not afford to throw away a day in the unproductive business of war. Canadians have donned the uniform and covered themselves with glory; but they have a right to expect that the necessity for doing so again is not likely to occur. It will not occur if the peoples of the world who are continually demanding that there shall be peace among the nations will make up their minds to back their governments in their undertakings to outlaw war as an instrument of national policy.

It was a foregone conclusion that Canada's official acceptance of the Kellogg proposal would be as simply worded as the proposed covenant itself. More than a century of peaceful association with our neighbor on the South guaranteed that. And the principal point to remember is that the negotiation of such a treaty will align the United States, with all her wealth and influence, solidly behind the cause of peace in a practical form.

HELPING THE OLD PEOPLE

DURING THE PERIOD SINCE ITS IN-ception last October until the end of March of this year the sum of \$262,904 was paid out in Old Age Pensions in British Columbia. There were 2,712 beneficiaries and the average monthly payment amounted to \$17.43. The number of pensioners, of course, is increasing all the time. Of the amount paid the Dominion Government contributed one-half and the Province the other half.

Little imagination is required to understand what a blessing these monthly payments have been to so many old people in British Columbia. The knowledge that on a certain day each month they would get a cheque from the Government obviously has done away with a good deal of anxiety and has made it very considerably easier to "make ends meet."

It may be that the present payments are not quite large enough; but it should be remembered that the system has been in operation only nine months. It was only to be supposed that certain inequalities would develop. They can be corrected from time to time. After twenty years of experience with an Old Age Pensions Act in Great Britain it is necessary continually to make changes. Considering the fact that ours is less than a year old, even critics of the measure must admit that it has worked well.

Our Conservative friends, of course, would have had British Columbia wait until all the provinces had signified their intention to avail themselves of the Dominion Government's dollar-for-dollar proposition. Mr. Pooley urged the provincial Government to withdraw the bill and ask the Dominion authorities to call a conference of the provinces—anything to delay the measure—but this Province had no intention of keeping the old people without their pensions a day longer than was necessary. The result already has been nine months of easier times for more than 2,700 old people.

"CANADA FOR THE CANADIANS"

IN ITS REPORT OF THE ANNUAL MEET-ing of the Western Ontario Conservative Association recently The London Free Press says that "Canada for the Canadians was the keynote of the two Conservative leaders." But The Toronto Star explains how the Conservatives of Canada interpret the policy. It calls it a very restricted thing, a sort of policy of the pocket rather than one of all-round patriotism—"it is of and for the pocket only," as apart from thought, feeling, sentiment." The Star proceeds:

All it amounts to is that the Conservatives advocate a high tariff wall against the world—against the United States particularly because that country is nearest and because it manufactures the same things we do, and against Britain as well as any other country that wants to sell us anything our manufacturers want to sell us. If the Conservative party adopts the cry Canada for the Canadians this slogan should mean something more than merely that we should buy and use only products of our own make. If it means that only the cry should only be "Canada for our own protected industries."

That is about all the two Conservative leaders meant when they talked of Canada for the Canadians at the Western Ontario convention. They did not mean for instance, that Canadian courts ought to be competent to interpret Canadian laws for the Canadian people without having their decisions confirmed or cancelled by another court thousands of miles across the sea. They did not mean that Canada should express her identity by having, like three of the other British dominions, a flag of her own to carry when she marches in a parade of the family—a distinctive flag which,

when we send a ship to sea, will show which member of the family has sent it sailing.

The Conservative leaders to which The Free Press refers, our Toronto contemporary reminds us, did not have in mind anything about amending our own constitution as it may need amending, making our own treaties as they need making, or sending out our own men to speak for us when we need representation in the capitals or markets of the world. All they meant was that we should hoist our tariffs higher for the benefit of the manufacturers who supply the campaign funds of the Conservative Party.

The Star concludes by recalling that it was Sir John A. Macdonald who introduced tariff protection and taxed British goods like any other goods. He was not born in Canada; but "he and Sir Charles Tupper believed in Canada for the Canadians in all things. The party they used to lead has forgotten all about it except one angle of it—tariff protection."

A BANK MANAGER'S OPTIMISM

STILL ANOTHER FINANCIAL LEADER tells us that business in Canada continues to show an upward movement, that building is active, and that crop conditions in the West have been improved by the recent rains. This time it is Mr. A. E. Phipps, general manager of the Imperial Bank of Canada, who will be a visitor in Victoria for a day or so.

Only a few days ago Mr. E. W. Beatty, president of the Canadian Pacific Railway Company, spoke in similarly optimistic terms of conditions as he found them across the country. He was particularly struck with the progress which British Columbia is making and declared that as far as his company was concerned its business in this Province was satisfactory and increasing all the time.

Neither Mr. Phipps nor Mr. Beatty has any special fish to fry. They are concerned in business and how to get more of it. They are not interested in the political barometer. Their views, in consequence, are of the utmost importance. They refute all the charges of the alarmists. They add point to the increasing interest which the outside investor is taking in Canada in general and British Columbia in particular.

Incidentally, the people of this Province naturally will see to it when the time comes that the prosperous conditions which now obtain are not disturbed by a change of government and the change of policy which undoubtedly would follow. They will insure the continuance of policies which mean the greatest good for the greatest number.

ELECTRICITY FOR PLOWING

WE ARE USED TO THINKING IN CAN-ada that we are far advanced in the utilization of electricity, whether in manufacturing, for transportation, in the home, or on the farm. But with regard to farm use news has been received that in Italy a system of electric plowing has been devised which appears to be practical. The plow used is double ended and is hauled across the field by means of a cable. The apparatus includes a transformer on a truck taking energy from a high-tension transmission line, an electric motor mounted on a two-wheeled trailer with belt drive to a cable drum mounted on a wagon which operates the plow. All this paraphernalia may appear puzzling to Canadian farmers, but the cost of plowing with this novel apparatus will be of interest. According to the organization which has been carrying on the electrical plowing in Italy the maximum cost is equivalent to \$8.20 per acre.

Canada now has thousands of miles of rural transmission lines and in many places current is conveniently available at voltages which do not require the use of a transformer. Even so, the apparatus looks rather complicated, but if Canada is to hold a position of supremacy in electrical farming it will be necessary for someone to demonstrate what can be done in plowing with electricity in the Dominion.

EUROPE'S RECOVERY
From The Christian Science Monitor

Judging Europe as a whole by what he observed and learned in England, Mr. Ford seems to discredit or discount the reports of unsatisfactory industrial or business conditions that have been heard of in England and on the Continent, of restored confidence and a return of really prosperous conditions. The processes of stabilization, interrupted by the war in 1914 and hindered and confused, especially in England, by the influences which precipitated realization of a constructive plan for the outlawing of all future war will be agreed upon, and that with this there will come the banishment of fear or war consciousness, the recuperative power of the world will be increased many fold.

ALL SPEEDERS GUILTY
From The Kansas City Post

The reckless driver is as guilty before he has his accident as he is after he has killed or injured someone, and the time to get him out of the car is before he has done any harm. No doubt there are many drivers who never can learn to run a car properly, some because they don't care much what happens and others because they are not competent to drive, either because of a nervous condition or lack of sufficient intelligence. Each of these classes is equally dangerous and the safety of the public demands that they be removed from their steering wheels. Some accidents are due to carelessness of pedestrians certainly. They must learn caution or they may be injured by cars that are carefully driven, but even the greatest care will not save them from cars driven by the reckless and incompetent.

VICTORIAN IS REVEALED AS HERO OF WEIRD WAR ADVENTURE IN AIR

pick up the dirty little landing ground. He was flying low, peering out over the side, trying to get his bearings, when suddenly—crash—sh!

"His Sopwith Pup lurched like a bucking broncho. It swung up. Stopped. Nearly pitched him out of the seat."

"It was as if the plane had bounced against a powerful spring. It bumped, lurched, shuddered—then started again. But it seemed tied. Something dragged—something that pulled it back and up."

"The engine roared wide open. But it had lost its speed."

"I felt like a harpooned whale. He looked. The prop was churning. There was something behind it, around the engine. He looked more closely. So that was it."

"He had hit a balloon cord!"

"In all those cubic miles of air, it had been his luck to barge head on into the thin steel cable of a captive British blimp."

HAILED ALOFT
"He had smashed the cord; but the strands of the upper part had caught in his rotary engine. He was rapidly being wound up toward the gas bag above. Over his head, behind the cockpit, the basket still and the outline of two scared white faces peering over the edge."

"His machine was towing the balloon forward. That was the drag."

"He switched off the engine."

"Robbed of its power, held by its snout, the Pup dropped its tail with a jerk and hung plumb vertical. Nick stuck out of the cockpit, his back to the ground."

"The crew of the blimp had no hard feelings. Neither had Nick. They were all thankful to be alive."

ANOTHER LUCKY TIME
"That was not the only time in fog that Nick had been with him and not at him. The other occasion was in the Spring of 1918, when he was with the 210th Squadron, R.A.F."

"He was one of a flight of five Canals sent out as escort to a flock of Australian R.E. 8s, whose particular job of work was artillery observation to the south of the Ypres salient, along behind La Bassée. A blanket of pea-soup muck rolled in from the North Sea. Visibility vanished to less than zero."

"Washing out the patrol, Nick's flight headed back west, flying blindfolded in fog so thick that they could scarcely see their instrument boards, wondering how and where they would come to rest. Around them in the fog flew Nick, chuckling as he handed out his decision."

"To be brief:

"One pilot banged into a church steeple. He was killed. Another crashed into a tree. He split his skull. A third lit on the roof of a station at Hazelebroek. He lost his nose completely. The fourth made the airframe safely."

"And Nick?

"He had come to earth; his wheels were skimming the ground; everything

MIRACLE ROCK, 25 miles west of Grand Junction, Colorado, near the Utah line, is one of the strangest freaks in the Rocky mountains. The huge rock stands on the very edge of a 200-foot precipice. The rock itself is over 100 feet high and rests on a rock base only a few feet in diameter.

looked jake—when right in front loomed a brick wall, with him rocketing toward it at sixty an hour!

"Jerking on his stick—Lord, how he whipped it back—he tried to hoist up and over like a hunter at a five-barred gate."

"But his tail whanged. His machine broke across the back. The front shot up. The wheels slammed against the wall and climbed."

"Nick came to a dead stop, hanging like a moth, unhurt."

"That gives you an idea of how Nick mixed his tricks."

OTHER AIR EXPERIENCES
Brown goes on to tell some of the lucky experiences of Art Whealey of Toronto, Haine, Goodenough and others in the flying force. He also relates in detail his own experience when his own plane turned over and left him dangling in the air at the end of an elastic belt, with Hun machines after him, and how he escaped from his plight."

Victoria, June 4.—The newspaper Politiken says definite plans have been made for fixing a supply station in Greenland for the use of Richard Hasel on a proposed aeroplane flight from Chicago to Stockholm in July and a reported flight by Col. Charles Lindbergh from New York to London next Autumn.

It is expected the station will play an important part in the event of the development of a regular transatlantic air traffic.

EDUCATION FOR MASSES AIDS CHINA

(Continued from page 1)

DEEPLY ROOTED
If China was not a country with a deeply founded civilization, this transition would be a simple matter. Mr. Yen added. But in the overthrowing of these century-old customs, traditions and beliefs, turmoil came as a matter of course."

Mr. Yen saw no immediate relief for the situation. In Europe these changes had taken several centuries to complete, he explained, and with China in the midst of several revolutions in different circles of her life, a number of years must pass before she took her place among the nations of the world.

The mass education movement, with which Mr. Yen is connected, is seen by him as one great unifying factor in China. Politically the country is split into many sections, but they are all in accord in support of this move to educate the masses."

The primary object of the movement was the training of the common people for modern citizenship, Mr. Yen explained. The country was adopting a republican form of government, and its people must be educated to govern it. When China was a monarchy, it was unnecessary for the common people to even read and write, having no hand in their government and taking matters as they were dictated.

RESEARCH WORK
Many years were spent in research work by those who had the mass education movement. Mr. Yen said. As a result of this study a "thousand character course" which consisted in the teaching of reading to the masses by means of readers using a thousand of the most common Chinese language characters was devised and instituted."

The course which is now being given to the common people consists of four readers of twenty-four lessons each. The average Chinese, spending an hour a day, six hours a week, could complete the course in reading in a month, and the whole set in four months, giving him a fundamental grasp on the vocabulary, as spoken at the present time, of the Chinese language was devised and instituted."

Having taken this course, the student would have sufficient grasp of the vocabulary to read several national publications published for this purpose.

"The Farmer, a ten-day journal for the rural classes and 'The City Man' for the city students are two of these publications."

There are between 4,000,000 and 5,000,000 students now registered under the mass educational movement, Mr. Yen said. The schools in each community are self-supporting and both the teachers and students attend absolutely voluntarily."

AGRICULTURE
Following the unqualified success of this thousand character course in the education of the masses in reading, experiments are now being made in the economic education of the people, especially those working the farms. Agriculture, with its additional or higher training, is being confined to the walls of colleges, but is being

TWENTY-FIVE YEARS AGO TO-DAY

THE VICTORIA DAILY TIMES, JUNE 4, 1903

Seattle, June 4.—The regatta, under the auspices of the University of Washington, opened here yesterday. The James Bay Athletic Association (Victoria) junior crew defeated the university by four lengths.

F. G. Sargent, Chief Commissioner of United States Immigration, was in the city yesterday on official business.

A general meeting of the Victoria branch of the Provincial Mining Association will be held in the near future to discuss questions submitted by the provincial executive.

Toronto, June 3.—A. E. Ames has resigned the presidency of the Metropolitan Bank and is succeeded by Rev. Dr. Warden, the vice-president.

Victoria and vicinity—Weather forecast—Light to moderate winds, generally fair, with additional or higher temperature.

As previously mentioned the Victoria Lawn Tennis Club and the James Bay Tennis Club have arranged for a series of inter-club matches.

At the Tourist Association rooms last evening a meeting of the Fish and Game Association was held, there being a good attendance. Charles Hayward presided, and the first business taken up was the report of the committee who went to Shawnigan Lake to inspect the falls and decide on the possibility of constructing ladders in order to allow the fish to come up the lake more freely.

The regular meeting of the Victoria Board of Police Commissioners was held yesterday afternoon, when the principal matter for consideration was the deposition of the sum lying in the bank as the nucleus of a pension or relief fund.

The Victoria lacrosse team is busy preparing for next Saturday's match with New Westminster at the Royal City. The team will not be chosen until Friday.

ESQUIMALT GIRL IS PRETTY BRIDE

Miss Sadie McDuff and Norman Patterson Married Saturday

At St. Paul's Presbyterian Church, Victoria West, on Saturday evening at 8 o'clock, a marriage was solemnized between Miss Sadie McDuff, Liverpool Street, Esquimalt, and Mr. Norman Patterson, son of Mr. and Mrs. W. Patterson of Vancouver, B.C. Rev. J. B. Patterson officiated.

The bride, who was given in marriage by her father, was very charming in a gown of ivory white crepe de Chine with frills of satin ribbon and lace. She wore a veil of embroidered net becomingly arranged, beneath a coronet of orange blossom and pearls, and carried a bouquet of Ophelia roses, carnations and lilies of the valley.

Both carried bouquets of carnations and sweet peas. Mr. Clyde Nicol, groomsmen, and Mr. Robert Nicol and Mr. W. Deans were ushers.

A solo, "At Dawning," was sung by Mrs. J. S. Patterson.

After the ceremony a reception was held in the Parish Hall, Esquimalt.

Mrs. McDuff, mother of the bride, in amethyst crepe de Chine, and Mrs. W. Patterson, mother of the bridegroom, wearing navy blue, jointly received the guests, of whom over eighty were present.

The hall was decorated in soft shades of pink and mauve, with a profusion of roses and other blooms. White

roses and pink tulle effectively adorned the supper table, on which a three-tiered wedding cake occupied the place of honor.

Among the many beautiful and useful presents testifying to the popularity of the young couple were a handsome case of silver cutlery with suitable inscription, presented by the officers and staff of the new Esquimalt Drydock; a silver tea service, presented by the operating staff of the B.C. Telephone Company; and a silver cake basket, the gift of the members of the Scottish Daughters' League.

Congratulatory messages from distant friends included a telegram from Greenock, Scotland, the birthplace of the bride. Out-of-town guests present were Mr. and Mrs. W. Patterson, Miss Althea Patterson, Mr. and Mrs. Livingstone, Mr. and Mrs. G. Lee, all of Vancouver; Mr. and Mrs. Orr and Mrs. A. Stammers of Chilliwack; and Mr. and Mrs. Anderson of Seattle.

The young couple left on the midnight boat for Vancouver and Sound cities and on their return will reside at 478 Constance Avenue.

Pupils Gave Recital—Miss Winnifred M. Scofield held recital of her piano-forte pupils at her home, 1024 Queen's Avenue, Friday evening. Over sixty guests assembled and enjoyed the programme of solos and duets performed very capably by the pupils. Following the recital delicious refreshments were served. Those taking part were: Kathleen Heap, David Pye, Betty Shoddt, Vera Waller, Jack Phillips, Josephine Wong, Robbie Horne, Betty Stoddart, Margaret Heap, Muriel Rose, Vera Waller, Grace Allen, Donald McCann, Margaret Horne, Gertrude Scott, Ashfield Walker, Dorothy Hargart, Florence Horne and Miss Scofield.

Guild of Health.—There will be a meeting of the Guild of Health on Tuesday evening at 8 o'clock in the chapel of the Memorial Hall. Rev. F. A. Ramsay will give the address.

National Council Discuss Companionate Marriage; Want Divorce Bill Dealt With

Toronto, June 4.—Upwards of 300 delegates representing all provinces of Canada, who are attending the annual convention of the National Council of Women, were feted as guests of Toronto and of the Toronto Local Council of Women at Sunnyside Beach and afterwards at a local hotel on Saturday. This entertainment, after several days intensive study of problems vital to the interests of Canadian women, came as the president, Mrs. J. A. Wilson of Ottawa, expressed it, "very much in the nature of a half-holiday to the school boy," and the women entered wholeheartedly into the enjoyment of it.

Saturday morning's sessions of the Local Council of Women were given to the consideration of reports.

A great deal of discussion centred around the resolution submitted by the Regina Local Council, recommending that the National Council make a study of marriage with a view to combating the new companionate marriage idea.

There was much comment also regarding the divorce bill which was introduced in 1927, but on which no action was taken in the House of Commons. It was pointed out that almost at the first sessions of the Senate this year the bill was passed and sent over to the House of Commons, but has not yet been dealt with.

ELECTIONS ACT

The report of the committee on laws showed that in the Senate also a bill was introduced dealing with general elections, as an impediment to marriage, and this had reached its second reading. An amendment to the Dominion Elections Act was also urged by the committee.

The Act as it stands at present, it was pointed out, disenfranchises all persons who change their place of residence within four months immediately preceding the date of an election, and this affects many clergymen, 68,000 teachers and 75,000 students. The amendment would rectify this situation.

Government House Will Be Scene Of Girl Guides' Fete

On Saturday afternoon, June 9, the annual garden fete of the Girl Guides of Victoria and district will be held in the grounds of Government House by kind permission of His Honor the Lieutenant-Governor.

This event is always looked forward to with great pleasure by the general public as well as by friends of the Guides, and this year a particularly attractive programme is promised. The proceedings will commence with a march past of the Guides, after which each company will take part in intricate figure dancing. There will be descriptive dances and a maypole dance by the Brownies.

Stalls with fancy work and artistic articles showing the skilled work of some of the Guides will feature some original designs in bird houses and other novelties. Home cooking, candies, lemonade, ice cream and hot-dogs will be on sale, and afternoon tea will be served at popular prices.

Side shows will include Punch and Judy, the lady with a thousand pockets, Genesee Goose, clock golf, coconut shies, house-house and other games of skill.

The public is cordially invited. The gardens will be opened at 3 o'clock. Admission will be free.

St. Martin's Garden Party.—The Ladies' Guild of St. Martin's-in-the-Fields will hold a garden party on Wednesday afternoon next, June 6, from 3 p.m. at the home of Mrs. S. Clegg, corner Orilla Street and Gorge Road.

Mrs. C. S. Quinlan has kindly consented to open the affair. There will be a sale of home cooking, candy, flowers, etc. Afternoon tea and ice cream will be served and there will be an orange tree, spinning Jenny, and other novelties for the children. The ladies are working indefatigably to make the affair a success and a pleasant afternoon is assured all who patronize it.

TO BE SCENE OF I.O.D.E. GARDEN FETE

CHILDREN AIDING NEW CATHEDRAL

Festival Adds \$401.46 to Fund For "Children's Corner"

The sum of \$1,208.57 has been received to date for the "Children's Corner" in the new Christ Church Cathedral, of which \$401.46 was given at the children's festival held recently, according to a report of the children's committee, issued to Anglican Sunday schools in the city and diocese yesterday.

The proposed "Children's Corner" will be one of the most interesting features of the new cathedral, and it will be memorable by the fact that the gifts of children and young people are building it, and paying for it.

The aim of the children's committee is stated to be the completion of the following parts of the cathedral: The children's arch, thirty feet high, at the entrance to the Cathedral, costing \$1,500.

Three windows in the baptistry, stonework \$900.

Stained glass of the windows (the Junior Auxiliary giving the third) \$2,000.

Marble step for the font \$600.

Total \$5,000.

CHILDREN'S BOOK

The names of all contributors to the "Children's Corner," which, being hand-bound in leather, will give a permanent record of many interesting incidents in connection with the construction and use of this particular portion of the cathedral.

The baptistry is already a prominent part of the exterior of the building. Its five stone walls, three windows and heavy buttresses being clearly visible near the southwest corner of Quadra Street. Seen from the inside, the children's arch rises gracefully from two pillars, each twenty feet high, to an apex ten feet higher. At the top of the inside walling, the thin stone ribs of the ceiling spring from angel heads, moulded in stone. Selected red brick between these stone ribs give an effective coloring for the vaulted ceiling.

STAINED GLASS WINDOWS

The general subject chosen for the stained glass windows is "Christ and the Children of the World," with a picturesque background suggesting the Olympic Mountains, Victoria Harbor and the town of Esquimalt. The lower portions of the windows will contain smaller groups in honor of "Parenthood" and "Holy Baptism." "Sunday School" and "Their Work" and "Confirmation." The background scenes in these portions will be taken from the old cathedral and the schoolroom, thus preserving hallowed memories of the old buildings, and honoring the work done in them during more than half a century.

The children's committee, the report concludes, hopes to interest a large number of children and young people in the completion of these parts of the cathedral. Gifts intended for the children's corner it is stated, may be sent to the honorary treasurer of the building fund, Memorial Hall, 912 Vancouver Street, marked "Children's Corner."

GARDEN SCENE OF PRETTY WEDDING

Miss Elsie P. Hetherington Wed Sunday to Earle A. Peirce

In a pretty garden setting the wedding of Elsie Phyllis, third daughter of Mr. and Mrs. T. Hetherington, 211 Wilson Street, and Earle Allan, second son of Mr. and Mrs. W. Peirce, of Lake Hill, was solemnized yesterday at 2 p.m. Dr. Clem Davis, B.A., B.D., D.D., officiated.

The bride, on her father's arm, walked down the front steps of the house to the strains of the wedding march, played by Mrs. E. Holt, and along the garden path to the archway, prettily decorated with sword ferns, roses, cornflowers, carnations, etc., where the ceremony was performed.

During the signing of the register, Miss Molly Graham sang "O Promise Me."

The bride was daintily robed in white silk crepe chiffon, with a wide flounced collar of Brussels lace, caught up at the front with French orange blossoms and a necklace of pearls. The veil, worn Spanish style, was comb and brush exclusively for her and keep them clean.

"I am really at a loss to understand how this condition could possibly have set in. Will you suggest what I should do?"

ANSWER
It is impossible to believe that anything really serious could cause the falling out when the child is well and healthy and has been so beautifully cared for. It is possible this may be a season for her hair to fall out, though I have no idea there is a "moulting" season for hair or not. I find that most of us tend to lose our hair more violently at certain times than others, while our hair care is the same at all times.

It doesn't end, as I think it will shortly, you might take some steps to improve or change the diet. You know I have stubborn belief in the ability of the right diet to cure almost anything. Why not put the child out in the sun, daily, with bare head, and after each shampoo rub the head briskly until the scalp is red, with any

After the ceremony, the party adjourned to the dining-room, which was prettily decorated in white and mauve by Mrs. A. R. Colby.

The third wedding cake was mounted by a beautiful cake, decorated, moulded in sugar, symbolizing the god of love, prosperity and success. Dainty refreshments were served, but the happy couple left for the afternoon boat for a short stay in Seattle and will reside in Duncan on their return.

To Aid Cathedral Funds—Miss Katharine Agnew will give her lecture on "A Trip Through South America" at the Memorial Hall to-night at 8 o'clock. Admission will be free but a collection will be taken in aid of the New Cathedral funds.

Laundry Washing Means LONGER LIFE

It is beyond the range of human possibility for any laundress to gently wash your clothes through upwards of 600 gallons of rainsoft water.

So . . . don't be angry with her when rubbing wears away the fibre, and when the clothes are not snowy white.

To be doubly safe, let the modern laundry do your washing. Every step in the modern laundry process is designed for longer life, cleaner clothes, less expense . . . and more leisure for you.

A TEMPORARY PROBLEM FOR THIS MOTHER

A Constant Reader says: "My baby girl of three and one-half years has a beautiful head of hair, abundant, wavy and soft as silk. I try to keep her hair and scalp clean, and in a half-hour daily and shampoo it once a week. For the last week her hair has been falling out quite heavily for a child, though her scalp is immaculately clean, no signs of dandruff or pruritus of any kind. I use a comb and brush exclusively for her and keep them clean."

Beautiful Settings of Nature Aid Cameraman in Filming of Famous Musical Play "Rose-Marie"; Sidney Dixon and Donald Gray Engaged for Second Week

From the search for the most beautiful in femininity motion pictures are now turning to a search for the most beautiful backgrounds. Nature can supply against which film players can perform before the camera.
In past years picture producers sought to put upon the screen the most beautiful women and the handsomest men. To-day they realize motion picture-goers are satisfied with only passable looks in regards to players but demand real acting ability.
When Metro-Goldwyn-Mayer determined to make a film version of the famous musical play, "Rose-Marie," now playing at the Dominion Theatre, one of the first things decided upon after cast and story was to play this famous stage romance against the most beautiful settings that nature could supply.
So successful has been the engagement of the famous radio singers, Donald Gray and Sidney Dixon at the Dominion, that they have been held over for the present week. During the current week engagement they will sing many of the popular numbers from "Rose-Marie," and have prepared a delightful prologue recital of "Rose-Marie" music to introduce the screen version of the popular musical show. At the conclusion Dixon and Gray will sing request numbers from their recent KOMO programmes.

Madge Bellamy In "Silk Legs" Playhouse Film

James Hall Plays Opposite Star in Fox Films Production Showing This Week
James Hall, who plays opposite Madge Bellamy in "Silk Legs," a Fox Films production, showing at the Playhouse Theatre, is known in Hollywood as "the lucky break boy."
A year ago he was a "comer" on the musical comedy stage. To-day he is one of the outstanding leading men in the motion picture industry.
Hall's rise has been very rapid, and he is now an acknowledged success on the screen. When questioned, Hall is modest, and calls it chance that gave him the biggest break in his life.

"Wreck of Hesperus" Is Fine Sea Film At the Columbia

Longfellow's Memorable Ballad Is Portrayed on Screen Here This Week
Augmenting what is admitted to be one of the most catchy titles ever given a motion picture, Longfellow's "The Wreck of the Hesperus" is a cast which is unusually strong and well balanced.
Elmer Clifton, who directed the production, as a DeMille special, selected for the romantic leading roles Frank Marion and Virginia Bradford, a duo who first scored conspicuously in "The Country Doctor." Marion and Miss Bradford, virtually "unknowns" until their appearance in that production, by virtue of their performances in this story of the trials of the rural practitioner, have won popular favor.
Assuring comedy for "The Wreck of the Hesperus," which is at the Columbia Theatre this week, Alan Hale, erstwhile screen "bad man," essays a role of the Wallace Beery type. Sam De Grasse, in the role of the skipper, renders a virile character role.

Bebe Daniels In Outdoor Attire For New Picture

"The Fifty-fifty Girl" is Title of Screen Play at Coliseum

Bebe Daniels has evolved a new and unique attire for the out-of-doors gift who is given to exploring dark and deserted mines. The costume is a by-product of her latest starring vehicle for Paramount, "The Fifty-fifty Girl," which is showing at the Coliseum Theatre.
The costume consists of a smart but durable jacket of black sateen, trimmed with white and riding breeches with half-boots.
In "The Fifty-fifty Girl," Miss Daniels wears the costume while exploring an old mine, with an historic background, which was reopened for the filming of the main sequences of the picture. It is a neat costume combining beauty and utility.

STAGE FACTOR IN EMPIRE BUILDING

Canada Strong in Loyalty, Says Sir John Martin-Harvey

Sir John Martin-Harvey, discussing the Canadian tour from which he has just returned, said that the stage was a great factor in Empire building, according to The Daily Sketch recently.
"I have always well received in America, but he would have a different reception there if he were alive to-day," he said. "The theatre in the States, from the point of view of one who cherishes all that is best in the drama, is in a parlous condition."
"This, however, is far from being the case in Canada, where the powerful British dramatic tradition permeates the theatre."
"Sex plays do not appeal to the Canadians. They like plays of vigor and action and reflecting the British tradition. There are more constant demonstrations of loyalty to the flag and to the British ideal in Canada than there are here."

Sees Armageddon Not Far Ahead

"The great battle of Armageddon is not very far in the future when the colored races of the Orient will join in deadly combat with the nations of Europe and America for the supremacy of the world," predicted Professor C. T. Everson last night to a large crowd at the big tabernacle on Pandora Avenue and Vancouver Street.
"There are two colored people to every white person in the world to-day, yet the white people have been the dictators for many years. But the nations of the East are waking up, and out of the smoldering fires of the war"

No More Piles

Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and saives can't do this—an internal remedy must be used. Dr. Leonard's Hem-Roid, a harmless tablet, succeeds because it relieves this blood congestion and strengthens the affected parts. Hem-Roid has a wonderful record for quick, safe and lasting relief to pile sufferers. It will do the same for you or money back. "Good Morning, Judge" Comedy At Capitol

Reginald Denny Has Lead in Swiftly-moving Film Play; Keith Sisters and Soprano Soloist Feature Vaudeville Turns

Reginald Denny, Universal's popular comedy star, tops all his former successful performances in "Good Morning, Judge," the swiftest moving and most entertaining picture of his career, which will be shown at the Capitol Theatre beginning to-day.

REV. FATHER KNOX IS VISITING CITY

Former Anglican Preached in Catholic Cathedral Sunday; Children's Mass

Rev. Father John Knox, S.J. was the speaker last evening in St. Andrew's Cathedral, before a large and interested congregation, numbering many of Father Knox's boyhood friends, he having spent his earlier years in Victoria. Father Knox chose as the title of his discourse "The Toleration of the Catholic Church," drawing his theme from the text from the Gospel of the day, "Going therefore, teach ye all Nations, baptizing them in the name of the Father and of the Son and of the Holy Ghost, teaching them to observe all things whatsoever I have commanded you, and behold I am with you all days, even unto the consummation of the world." St. Matthew, xlviii, 18-20.

Tribute was paid by the speaker to the silent sisterhoods of nuns who devote their lives to the care of the sick, the aged, the orphans, the poor, and the despised and abandoned outcasts of society.

During his visit in Victoria, Father Knox is a guest at the Bishop's Palace, and will speak again in St. Andrew's Cathedral at 7:30 Sunday evening, June 10.

CHILDREN'S MASS
At the Children's Mass on Trinity Sunday, Rev. Father C. E. Evans, Rector of St. Andrew's Cathedral, officiated yesterday morning at the First Communion of twenty-eight children. The High altar was specially decorated and masses of beautiful flowers were used in adorning the various shrines about the Cathedral.

The children presented a charming picture, the little girls in white and wearing veils and wreaths of flowers, the little boys also in white, marching in solemn procession up the centre aisle to the places assigned them in the front of the church. At the Communion of the Mass the little ones were escorted into the sanctuary by two acolytes in crimson cassocks and white surplices and bearing lighted candles. The Convent Choir from St. Ann's Academy sang the Mass and appropriate hymns.

Many Guests at Pretty Wedding

Christ Church Cathedral was the scene of a very pretty wedding Friday evening when the Very Rev. Dean C. S. Quantin, united in matrimony, Anne Victoria, daughter of the late Mr. and Mrs. Curtis-Powell, of London, England, to Jack P. T. Welch, son of Mr. and Mrs. Thos. Welch, of 143 Medina Street.

For the occasion friends of the bride had decorated the church with masses of honeysuckle, wild roses and palms. The service was attended by a large number of friends of the young couple and the congregation filled the church. During the signing of the register, the organist, Mr. Davis, rendered "Because."

The bride, who was given in marriage by Col. D. B. Martyn, was lovely in a New York model gown of white satin with basque bodice and frilled bouffant skirt and train of Brussels net edged with silver. The embroidered silk net veil was arranged with orange blossoms and pearls. A bridal bouquet of Ophelia roses, sweet peas and maidenhair fern completed the charming ensemble.

Attending the bride was the groom's sister, Miss Lillian M. Welch, in a frock of champagne-shaded lace. She carried a bouquet of azaleas and Columbia roses. Mr. C. R. D. Ferris was the groomsmen. The ushers were William Holman, Jimmy Bucket and Johnny Kerr.

Following the service a reception was held at Tanjore Lodge, Fairfield Road, the home of Mrs. Gardiner, where a large number of friends had assembled to wish the young couple every happiness. Mrs. Gardiner, wearing a handsome gown of black silk and Mrs. Welch, gowned in black satin, assisted the bride and groom in welcoming their guests.

The house was prettily decorated with roses, and the supper-table was effective with pink and mauve streamers. After a honeymoon in Vancouver and Sound cities, Mr. and Mrs. Welch will make their home at 130 Moss Street.

For traveling the bride chose a smart frock of mauve crepe de Chine, embroidered in white, with hat and scarf to match, with which was worn a coat of navy blue silk cloth trimmed with black fox fur.

The bride and groom were the recipients of a number of beautiful wedding gifts.

WHY BRING THAT UP?

Mrs. Bracey (at 2 a.m.)—Oh, Jack, wake up! I think there's a mouse in the room.
Husband (drowsily)—Well, just think there's a cat, too, and go to sleep.

He—Darling, wouldn't you like to sail away on a merry moonbeam—just you and me together—toward those twinkling stars where all is infinite, even love. And we could dwell in eternal bliss far from—
She—Oh—I couldn't, Jimmy, not tomorrow. I have an appointment with my hairdresser at four.

NEW GERMAN STAR FOR VILMA'S ROLE—Still another foreign film colony—Lily Damita, who's coming from Berlin to act opposite Ronald Colman. Sam Goldwyn met her in Paris and decided she was just the one to succeed Vilma Banky, who is to be starred with Walter Byron, from England, hereafter.

DON'T THINK IT'S HOW MUCH YOU EAT THAT MATTERS

UNDERNOURISHMENT is not peculiar to the poor. You've seen children who live in luxury as sickly, actually as mal-nourished as street urchins. Because it's not how much food you eat that decides the energy and health of your body. It's what kind!

You must choose carefully in these days of highly "refined" foods. For most present day foods are made attractive to the eye and to the palate—with proper nourishing qualities sadly neglected—often entirely lost.

A famous food expert designed one food which combines the essentials of a right food. It's one of the most delicious foods. Indeed, you'll love the unforgettable nut-like flavor of Grape-Nuts right from the start. And it gives you body, in very easily digested form, these five vital elements of nutrition: dextrins, maltose and other carbohydrates for energy, iron for the blood; phosphorus for teeth and bones; protein for muscle and body-building; and the important vitamin-B.

All grocers have Grape-Nuts in wax-wrapped packages. Ready to eat. One serving—4 teaspoonfuls—costs less than one cent. Serve with milk or cream.

Your Teeth Require Exercise!

Doctors and dentists are today constantly warning us that we must eat some crisp foods that require chewing. The crisp kernels of Grape-Nuts must be chewed—and their pleasant "crunchiness" and delightful flavor tempt you to chewing.

CITY TEMPLE HAS FUNFEST

Victoria Dancers, Acrobats and Comedians in Delightful Programme

About 3,500 people witnessed the very attractive programme presented at the City Temple Funfest held at the armories on Saturday.

The afternoon performances included dancing, recitations and clown stunts. Outstanding dances were a minuet by Patricia Cooney and Glenis Smudly, and acrobatic dancing by Marjorie Nott, Glenis Smudly, Irene Holmes and Frances White. These diminutive pupils of Miss Clough's School brought rounds of applause from the spectators who were delighted with the quaint grace with which the former dance was carried out and with the skill manifested in the execution of the latter.

Other pleasing dances were the toe ballet performed by the pupils of Miss Powles, and dances by her soloist, Maureen Gruter. The outstanding events on Mrs. Gaskill's programme by her pupils were Iris Gaskill's Bubble Dance, a tango by Dulcie Hamlet, and a toe ballet by Myra Edwards.

Many more picturesque and quaint numbers added to the success of the programme and the dancing of all the children was exceedingly graceful. The evening's entertainment was opened at 7 o'clock with dancing by pupils of Miss Mons Jewell. Her first dance was executed by sixty girls. This was followed by solo dances including hornpipes and Highland dances.

The next feature was an acrobatic display by the boys of the Y.M.C.A. With all sorts of stunts these boys thrilled the audience, and deserved the applause they were given. Edward Blair, the well-known comedian, added hilarity to the programme with a comic song.

A fine display of dancing was given by the Russian Ballet School, after which Jack Louey expounded the principles of black magic. Neile Thacker introduced her pupils to the audience in a graceful display. Music was supplied by the Temple band and an orthophonic. Pianoforte accompaniments were played for the dancers, and not a dull moment was experienced throughout the entire nine hours of the programme.

DERBY HORSES INTEREST IN BRITAIN

Famous Epsom Downs Specially Groomed for Big Event Wednesday

Town Already Crowded and Downs Animated With Gypsy Encampments; New Grandstand Is Being Given Finishing Touches; Fairway Remains Favorite With Flamingo Second Choice; Gang Warily Draws Attention Now That Donoghue Is to Ride Him; Two French Horses Arrive

London, June 4 (Canadian Press Cable).—The Derby, to be run on Wednesday for the one hundred and forty-third time, is the chief topic in Britain this week. Everything is in readiness at Epsom and the town already is crowded. The famous Downs present an animated scene, colored by gypsy encampments, refreshment booths and other characteristic accompaniments. The new grandstand is receiving the finishing touches and the royal box has been repainted.

Parking places have been mapped out for a record number of motor cars, while many bookmakers have already staked out their claims.

DONOGHUE UP AGAIN

As for the race itself all the contenders are apparently fit and well, though the hero of four Derbies, Steve Donoghue, gives the opinion that his mount, Gang Warily, would be better for another fortnight's workout. Still, he expects Mrs. Drummond's colt to run well over the mile and a half to-day.

The latest reports on Fairway, Lord Derby's horse, the favorite, are entirely favorable. Tommy Weston, Lord Derby's jockey, says he is looking forward to the result with confidence.

Sir Lawrence Phillips' Flamingo, winner of the 2,000 Guineas and second Derby choice, also is in splendid condition.

JOCKEY INSPIRES BETTING. Despite his poor performance in the 2,000 Guineas, Sunny Trace, Lord Dewar's horse, who is third in the betting, is finding many supporters. This may be because Gordon Richards, champion jockey last year, is to ride him.

The French entry, Bubbles II and Palais Royal II reached Epsom on Saturday night from France. Bubbles looked to be in fine condition and his trainer stated he considered the colt the best three-year-old in France.

King George will be present at Epsom for all four days of racing, while the Queen, the Prince of Wales, the Duke and Duchess of York and Princess Mary, with Lord Lascelles, all will watch the Derby and possibly the Oaks, the fourth classic which will be run on Friday.

MILLER PROVES FAR TOO CLEVER

Proves Easy Winner Over Jimmy Lyall in Ten-round Bout; Dix Is Smart

(Proving himself to be a seasoned campaigner of the squared ring, Dusty Miller, colored light heavyweight, of Seattle, proved far too good for Jimmy Lyall, of Victoria, in their six-round bout, staged as the main event on the professional card given by the Tillamook Athletic Club Saturday night. Miller had the edge in every round winning the verdict of both judges.

Miller, a wonderfully built fighter, was in the place of his brother, Madison, scored technical K.O. over Bobby James of Portland, in a scheduled six-round bout. Dix hails from Bellingham, B.C., who had a very elusive style, punished his lighter opponent with stinging rights to the head and body, and in the fifth round knocked him down for the count of nine. James got to his feet only to go down again. When he got up, as the referee counted ten over him, the third man in the ring waived him to his corner.

Stopping the fight in the fourth round, the referee awarded the decision to Gyp Marks of Seattle in his fight against Neil, the fighting barber of Victoria. Neil took considerable punishment, but spoiled the fight by continually hanging on. Marks had the edge in every round. These two fought at 118 pounds.

Scotty Sinnott of Victoria won his fight from Tommy Best of Duncan. Sinnott led the fight all the way, and had the best of what proved to be a slugfest match. These fighters weighed 135 pounds. This fight went four rounds.

PASTORE WINS. Carrying the fight to his opponent throughout the four rounds, Danny Pastore, local scrapper, took the judges' decision from Roland Butler, colored boy of Seattle. Pastore hit Butler with everything he had, but was unable to score a K.O. Pastore had his opponent groggy in the last round. Both fighters weighed 122 pounds.

YACHTS START ON LONG RACE

Six Boats Start From Newport, Cal., For Hawaii in Lipton Cup Event

Teva, First Boat Across Starting Line; Mollolu in Collision After Start

Newport Harbor, Cal., June 4.—Five of the six small racing yachts programmed to start on their 2,240-mile race to Hawaii got off to a good start here yesterday, the first one crossing the line 20 seconds after the starting gun had blown sharp.

The sixth, the Mollolu, was fouled by the cruiser yacht Maude F. when crossing the starting line and had her bowsprit carried away. An order was given for a new bowsprit which was finished in time for the 55-foot craft to leave last night. The Mollolu is owned by Milton Hesselberger of the Catalina Island Yacht Club. The Maude F. was undamaged. No one was injured.

FIRST BOAT AWAY. The 55-foot yawl Teva, owned by Clem Stoe of the San Diego Yacht Club, was the first boat to get away on the long race. Crossing the starting line 20 seconds after the starting gun, the Teva headed almost due west and was still in the lead when several miles out.

The Mollolu was the second across the line, passing it 1 minute after the signal was fired, but almost immediately met with her mishap and had to put back.

H. W. Rohlin's Pandora, a 65-foot yawl, was the third away, 2 1/2 minutes after the gun. The Weston, a 62-foot schooner, owned by Charles L. Reynolds, was fourth, 1 1/2 minutes later. Both the Weston and the Pandora are from the Newport Yacht Club.

A SLOW START. The Talaya, the largest boat in the race, a 102-foot schooner, owned by Leonard Lippman of Santa Barbara, made rather a slow start and crossed the line 3 1/2 minutes after the bomb was fired.

Robert Millip's Aafie, 58-foot yawl of the Los Angeles Yacht Club, was the last to get away, crossing just 5 minutes after the gun. After crossing the starting line the Aafie headed in a southwest direction hoping to catch a better breeze after getting farther off shore.

The race winner will be presented with a trophy offered by Sir Thomas Lipton. The record for this race was made in 1923 by the Mariner, which made Honolulu in 11 days 14 hours and 46 minutes.

McDUFFY. Loyal proved game and kept boring in, but he was unable to land a telling blow on his dusky opponent.

In the semi-windup Willard Dix, performing in the place of his brother, Madison, scored technical K.O. over Bobby James of Portland, in a scheduled six-round bout. Dix hails from Bellingham, B.C., who had a very elusive style, punished his lighter opponent with stinging rights to the head and body, and in the fifth round knocked him down for the count of nine. ESQUIMALT WIN BUT THISTLES SUFFER DEFEAT

John Watt Scores Only Goal and Eliminates Kerrisdale in Soccer

Nanaimo Entirely Too Strong For Saanich and Locals Pass From Series

Vancouver, June 4.—Esquimalt got the best of Kerrisdale in the Dominion football championship series at Athletic Park Saturday evening by a 1-0 score. It was a splendid contest throughout and the teams were evenly matched that the interval arrived without a score.

Twenty minutes after half-time John Watt gave the Islanders victory with a nice shot from the center. A penalty given against Houston for handling in the same period, Boyd making a splendid save. Both goalkeepers played well, but the rest of the match was a draw, the center-half of the Esquimalt team, who put up a stellar performance.

SHELLS PUT OUT. Although strengthened by two former players of St. Paul's, Shells allowed the church team to out them from the opening round of Connaught Cup at Con Jones Park Saturday, 2-1.

St. Paul's, with Robinson at center-forward, rarely allowed the more experienced breadmen to get close to Box, and Cowie was held in check. Robinson scored both goals, and at the end of the first half St. Paul's led 2-0. Shells scored their lone tally when Williams sent in a hot one to Box.

Saanich Thistles can hang up their football boots for the summer and have a little holiday before the next season rolls around. On Saturday afternoon at the Royal Athletic Park they were beaten by the Nanaimo Davenports by four goals to one. The game was in the first round of the Connaught Cup series and as this is the final competition of the season there is nothing further for the Thistles to turn their attention to.

The Thistles passed out of the picture without giving the exhibition which was expected of them. They made a great bid in the opening half hour of play, but from then on their forwards did very little and the half-backs and backs were worked to death. Hetherington, in goal, saved a number of wicked shots from the toes of the visitors in both halves, while Rutledge at the other end, had very little to do.

NANAIMO VERY GOOD. Nanaimo, which has turned out some very fine teams in the past, including last year's Connaught Cup winners, look to be very close to championship class and will, no doubt, go a long way in the competition. They have a wonderful pair of backs in Edmunds and Thompson. Both are powerful kickers and place the ball well. The half-backs are always on the ball and wreck the movements of opposing forwards. They certainly laid out the Thistles and had them completely bottled up.

The Nanaimo forwards are very smart and play a nice passing game. They can drive the ball when the openings come.

Nanaimo were favored with a good break early in the game and rushed in two goals, both of which were scored by Nelson Wilson, the fleet outside right. Wilson came close to scoring again before the half-time whistle, hitting the upright with a shot which he screwed in from the right.

THISTLES' GOOD SPOT. The Thistles showed up to advantage in the early stages and the Nanaimo goal certainly bore a charmed life. Finally, however, Sid Phillips, outside right, broke through and followed up his whistling shot, carrying both Rutledge and the ball into the net for the only goal the Thistles got.

Before half-time the Thistles began to wilt and their forwards lost their dash. In the second half Nanaimo dominated the play, save for an occasional thrust by Saanich by which they hoped to get Barney Burns through for a goal. The Nanaimo backs, however, were very dependable when the time of danger came for a time, but were finally beaten by one of his own men. Edmunds took a free kick just outside the Victoria penalty line and Hetherington saved, but the line and Hetherington at the foot of Sandilands, who shot. Hetherington could have reached the ball, but Harper, one of the backs, endeavored to head it and instead the ball skidded off his head into the net.

Jim Kelly notched the last goal for Nanaimo. McMillan refereed. The teams were: Nanaimo—Rutledge, Thompson and Edmunds; Muir, Waugh and Knight; Wilson, Sandilands, Kelly, Stone and Fowler.

Saanich—Hetherington; Kennedy and Harper; Miller, Crowe and Ewing; Phillips, Saville, Burns, Bisselle and Wagland.

Continuing her triumphal sweep through all opposition, Miss Wills crushed Miss Christabel Hardie, of England, 6-1, 6-1, in the semi-finals yesterday, while Miss Bennett was eliminating the 1927 champion, Kees Bouman, Holland, 6-2, 6-5.

Lacoste and Cochet, two of France's Davis cup musketeers, fought it out for the men's singles title to-day. Lacoste eliminated the Australian, John B. Hawkes, in straight sets, 6-2, 6-4, and Cochet put out his countryman, Jean Borotra, 6-3, 2-6, 7-5, 6-4 in the semi-finals yesterday.

Miss Wills advanced to the finals without losing a set during all the preliminary play. In fact she lost only ten games in the four matches she has played. She played at top form yesterday and the two games Miss Hardie won looked like gifts by the American champion more than anything else.

The English girl appeared in awe not only of her opponent but also of the 8,000 persons who packed the stands.

Miss Bennett's victory over Miss Bouman was an upset. The Dutch girl, however, had no excuses to make, for she was outplayed from start to finish. The 1927 winner was swept aside brusquely in the first set, and although she put up a gallant fight for the second, she found Miss Bennett more than a match for her.

Edmonton Grads Smother Halifax In Second Game

Edmonton, June 4.—After handing the Dalhousie Grads a 6-4 to 6-6 beating Thursday, the Edmonton Grads Saturday night came right back and handed them another beating, this time by a score of 83 to 12, thus winning the two game series for the Canadian championship by the overwhelming margin of 129 points.

As the score would indicate, the Halifaxians were completely outclassed. In Saturday's game the Grads shattered them wild. Margaret MacBurney was high scorer with 27 points, Gladys Fry and Millie McCormick got 17 apiece, Kate Macrae 15, Elsie Bennie 5 and Miss Brown 1.

Marion Campbell registered nine of the twelve points scored by the Halifax team.

Bill Peden Wins His First Race in East by Beating Star Rider in Fine Style

In the case of two star riders, as in this case, they start at an interval of half a lap and the race ends whenever one man catches up to the other. "Big Bill" showed the Easterners why they call him the "red-headed comet" in the West, by catching the famous Mr. Daff before he had gone a mile. Bill was a little leary of the board tracks when he left here, as he had never ridden on them, but he seems to have taken to them like a tired man to his eiderdown.

"Rode my first race on board tracks Saturday night. It was a pursuit race and I won in five and one-half laps in two minutes and six seconds. A Daff, considered second best man here, was my opponent. He beat Cherry, Montreal champion, last Wednesday. Track is six laps to mile. Like it fine."

Suffers Defeat In Tennis Finals

Cochet Is Hard Court Champion of World By Defeating R. Lacoste

Auteuil, June 4.—Henri Cochet to-day won the men's singles championship in the international hard court tennis championship by defeating his countryman, Rene Lacoste, 5-7, 6-3, 6-1, 6-3. It was a mild surprise, as Lacoste, ranked as the No. 1 player of the world, was expected to subdue Cochet. Lacoste, however, was ill for a time, while Cochet's play has shown much improvement of late.

Auteuil, France, June 4.—Helen Wills to-day won her first big tournament of 1928, defeating Eileen Bennett, of England, 6-1, 6-2 in the final for the international hard court tennis championship.

Auteuil, France, June 4.—The huge field seeking singles titles in the international hard court championships had thinned to four to-night, with Helen Wills, American champion, Eileen Bennett, of England, and the Frenchmen, Rene Lacoste and Henri Cochet, as the sole survivors of days of preliminary play.

Continuing her triumphal sweep through all opposition, Miss Wills crushed Miss Christabel Hardie, of England, 6-1, 6-1, in the semi-finals yesterday, while Miss Bennett was eliminating the 1927 champion, Kees Bouman, Holland, 6-2, 6-5.

CAPITALS TAKE LEAD BY CLOSE BASEBALL WIN

Defeat Courtenay in Slugging Game and Are Front-runners in Ball Race

Victoria Capitals gained the leadership of the Vancouver Island Baseball League when they stood off the threat of Courtenay, leaders of the northern section, defeating them 12-10, at the Royal Athletic Park Saturday evening. This is the first defeat suffered by the Islanders this season although they played a drawn game with Port Alberni.

Saturday's game played on a field of mud, resulted in a slugging match with the locals coming out best. After the heavy rains in the morning, the ground was in terrible condition, making good play impossible.

MADE GREAT FIGHT. The visitors put up a great fight, and were never out of the game until the last man was retired in the ninth.

Courtenay got away to a four-run lead in the first inning, mainly through errors by the locals. With two runs away Noble, Sallaway and Oatman contributed bobbles—and four runners came home. In their half of the inning the locals filled the stacks, and managed to check in two runs. From this stage until the eighth inning Courtenay were held scoreless while the Caps hung up a comfortable lead.

In the third inning the Victoria team crept up the score, and in the fourth forced one run ahead, when Herb Cummins got to first on being hit by a pitched ball and came home on Pete Sallaway's double to right field. The Caps continued to hit the ball hard in the sixth, and after scoring three runs McKee, on the mound for Courtenay, was yanked in favor of Hunden.

The Caps took to Hunden's offerings like a duck to water, adding four more runs to their total in the seventh.

Just when the fans thought Courtenay were out of the picture they came back with a rush in the eighth frame to score four runs. Two of these came when McKee lifted the apple over the centre field fence for a number of wicked shots from the toes of the visitors in both halves, while Rutledge at the other end, had very little to do.

The Thistles showed up to advantage in the early stages and the Nanaimo goal certainly bore a charmed life. Finally, however, Sid Phillips, outside right, broke through and followed up his whistling shot, carrying both Rutledge and the ball into the net for the only goal the Thistles got.

Before half-time the Thistles began to wilt and their forwards lost their dash. In the second half Nanaimo dominated the play, save for an occasional thrust by Saanich by which they hoped to get Barney Burns through for a goal. The Nanaimo backs, however, were very dependable when the time of danger came for a time, but were finally beaten by one of his own men. Edmunds took a free kick just outside the Victoria penalty line and Hetherington saved, but the line and Hetherington at the foot of Sandilands, who shot. Hetherington could have reached the ball, but Harper, one of the backs, endeavored to head it and instead the ball skidded off his head into the net.

Jim Kelly notched the last goal for Nanaimo. McMillan refereed. The teams were: Nanaimo—Rutledge, Thompson and Edmunds; Muir, Waugh and Knight; Wilson, Sandilands, Kelly, Stone and Fowler.

Saanich—Hetherington; Kennedy and Harper; Miller, Crowe and Ewing; Phillips, Saville, Burns, Bisselle and Wagland.

Continuing her triumphal sweep through all opposition, Miss Wills crushed Miss Christabel Hardie, of England, 6-1, 6-1, in the semi-finals yesterday, while Miss Bennett was eliminating the 1927 champion, Kees Bouman, Holland, 6-2, 6-5.

Lacoste and Cochet, two of France's Davis cup musketeers, fought it out for the men's singles title to-day. Lacoste eliminated the Australian, John B. Hawkes, in straight sets, 6-2, 6-4, and Cochet put out his countryman, Jean Borotra, 6-3, 2-6, 7-5, 6-4 in the semi-finals yesterday.

Miss Wills advanced to the finals without losing a set during all the preliminary play. In fact she lost only ten games in the four matches she has played. She played at top form yesterday and the two games Miss Hardie won looked like gifts by the American champion more than anything else.

The English girl appeared in awe not only of her opponent but also of the 8,000 persons who packed the stands.

Miss Bennett's victory over Miss Bouman was an upset. The Dutch girl, however, had no excuses to make, for she was outplayed from start to finish. The 1927 winner was swept aside brusquely in the first set, and although she put up a gallant fight for the second, she found Miss Bennett more than a match for her.

Pope Bottle Shower Nearly Ends Tough Battle At Brooklyn

Pittsburgh, Making Gallant Effort to Climb in National League, Defeat Robins in Fourteenth Inning, When Pete Scott Gets His Fifth Hit of Game; 40,000 Fans See New York Giants Defeat Chicago

Cubs in Game Featured by Three Home Runs; Yankees Are Easy Winners

New York, June 4.—Making a strenuous attempt to rise from the second division of the National League, the Pittsburgh Pirates have opened their eastern invasion with a victory over Brooklyn, while Flatbush fans said it with pop bottles.

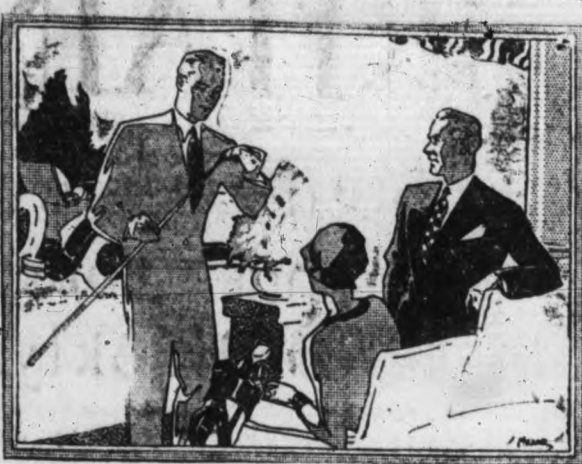

Pete Scott's fifth hit of the afternoon drove home two Pittsburgh runners in the fourteenth inning of a wild and woolly game in Brooklyn and the Pirates won 9-7. The game was a knock-down and dragout affair, featured by twelve extra base hits, and a near riot nearly caused the umpires to award the game to Pittsburgh.

TWO RUNS SCORE ON DECISION

Umpire Charles Moran ruled that Stutz had trapped and not caught the Traynor's short fly in the ninth after a sensational run. He went down and came up with the ball. With two out and two runs scored on the decision of the umpire, at least 100 pop bottles were thrown from the upper tiers of the grand stands at the officials. Nobody, however, was hit. After some semblance of order had been restored among the 40,000 spectators, the Robins scored twice to tie the score in the last half of the ninth, and the game continued for five extra innings.

The final break came in the fourteenth, when the Pirates pounded Jesse Petty for two singles and a sacrifice to get men on second and third. Scott's hit won the game. Burleigh Grimes pitched the last innings for the winners and allowed only three hits.

GIANTS BEAT CUBS. While Fred Fitzsimmons held the Chicago Cubs at bay and himself gathered a double and a triple, the Giants pounded Artie Nehf, their old team mate, and Hal Carlson and Ed Holley, who followed him, to defeat Chicago by 10 to 5, here yesterday. A crowd of 40,000, the largest of the Giant season, saw the home team open its stand against the western club with a victory.

SEATTLE TENNIS TEAM HARD PUT TO WIN MATCH

Turene's Play Stops Vancouver Team in Starr-Reynolds Competition

Seattle, June 4.—The Seattle Tennis Club retained the Starr-Reynolds Starr trophy yesterday only after their players controlled the direction of the Vancouver Lawn Tennis Club, the local squad winning three matches to two. Again it was the masterful play of Captain, Leon de Turene, who polished off both Geoff Peers and Bill Dowell that brought the victory to Seattle as Edward Langlie won over Dowell in his second singles match.

Peers came back to sweep through Langlie in his second singles match and paired with George Dixon, to defeat Dan Lewis and Nordstrom in the doubles play after three terrific sets. Turene looked in superb form yesterday as he captured four straight sets, losing but eight games. Peers showed his best tennis on a Seattle court as he unlimbered a lightning forehand drive.

Vancouver won the club match from Seattle in the morning, five matches to four. Ledley McMaster, Vancouver's Pacific Northwest champion, won in singles from Bill Miller and paired with Jack Muir, trimmed the strong team of Whit Quillian and Frank Ketcham. Bill Warren, Seattle club president, won from M. Lyford, Vancouver prey, 7-5, 9-7.

The summary:

SINGLES
De Turene, Seattle, beat Peers, Vancouver, 6-4, 6-2.
Langlie, Seattle, beat Dowell, Vancouver, 6-4, 6-2.
De Turene, Seattle, beat Dowell, Vancouver, 6-1, 6-3.

TENNIS TALKS

Proper Footwork Essential To Success of All Shots

By GEORGE M. LOTT JR.

Proper footwork is essentially getting the feet in the correct position, and while it is a very simple matter, it is very important and really the deciding factor in the success or failure of the shot.

Placing the feet at right angles to the net is the keynote of good footwork. This is the basis of all ground strokes, and the sooner that principle is applied the quicker good control of shots is obtained.

In getting the proper positions for a forehand drive for a right-handed player, the left foot should be placed nearest the net. Thus you will be able to draw a line from the right foot through the left foot on to the net that will form two right angles at the net. This position is best because it enables the player to control the direction of the ball and to throw his body into the stroke. The same stance in relation to the net is true for the backhand shot, only the right foot is nearest the net. This position enables the player to "follow through" with the natural swing that requires little effort. The reverse holds for a left-handed player.

At the net the volleys are made with the feet parallel to the net. The reason for the change is due to the fact that volleys are made with a short stroke and require very little, if any, follow through. Also it is easier to jump quickly to one side or the other from this position.

The principle of having the feet at right angles to the net is also applied to service and smash. The feasibility of this principle is easily seen. With the feet in this position the same element of power and direction as in the ground strokes are obtained. All that need be remembered is to keep one foot in front of the other.

BEDTIME STORY

Uncle Wiggily and the Flower Girls

Copyright, 1928, by McClure Newspaper Syndicate

By HOWARD R. GARIS

"Puzzle bugs or no puzzle bugs, I'm going to catch you!" cried the Pipisewah as he lowered his head and pointed his tickling horns at Uncle Wiggily. The Bad Chap had started out of his cave to get the rabbit. But four jolly bugs flew on ahead to warn the rabbit gentleman and Mr. Longears made four puzzle pictures of the names of the kind insects. This was in the last story you remember.

"Stop!" cried Uncle Wiggily, as the Pipisewah was about to stick his longest horn out. "Tell me the names of the bugs from these pictures, or I'll call the Police Dog!"

"Pooh, I'm not afraid!" sneered the Pipisewah. He made a jump for the

rabbit, but Uncle Wiggily blew a loud blast on a whistle and the so frightened the Bad Chap that away he ran, taking his horns with him.

"Ha! Ha!" laughed Uncle Wiggily, putting his whistle back in his pocket. "He needn't have run if he didn't want to."

"Why not?" asked one of the jolly bugs. "Because the Police Dog isn't anywhere around here," said the rabbit. "I just made believe he was when I blew the whistle."

"Well, if the Pip hadn't run away when he did, we would have tickled him!" buzzed the largest of the four bugs. "Oh, look, there's my name, isn't it?" and he pointed to where Uncle Wiggily had made a picture of a June calendar.

"Yes, that's you, Mr. June Bug," said the rabbit. "And there I am!" buzzed another bug, pointing to a picture of a potato. "Potato Bug, that's me. And that's for you, Lady Bug," he went on, pointing to the drawing of a lady. "And that must be you, Water Bug," and the Potato Bug pointed to the water pitcher and glass.

"Right-o!" joyfully shouted Uncle Wiggily as he danced about, glad that the Pipisewah had run away. "You have guessed your puzzle names, my little buzzers—June Bug, Potato Bug, Lady Bug and Water Bug. And thank you for helping me."

Then the four jolly bugs crawled away to play tag in the woods and Uncle Wiggily started off after new adventures. He had not gone very far, before he heard a strange noise like a carpenter sawing a board.

"I wonder if this is some of the animal boys making a camp in the woods?" said Uncle Wiggily. "But I had better look before I pop out."

Taking a careful look, Mr. Longears saw where, on the bank of a brook, the Fuzzy Fox was using his teeth to gnaw a number of sticks. It was the trating of the teeth of the Fox on the

sticks that sounded like sawing boards. And as Uncle Wiggily watched, the Fox, not knowing the rabbit was near, said:

"I'll gnaw these sticks until they are almost ready to break. Then I'll make a bridge of them over the brook. When Uncle Wiggily crosses the stick bridge it will break. He'll fall into the water and I'll get him. I'll surely get him this time!"

Uncle Wiggily was so surprised that, before he knew what he was doing, he sneezed loudly—"A ker choo choo!" and the Fox, hearing it, dropped his gnawed sticks, rushed out and caught the rabbit.

"Now I have you without the bother of building a bridge!" snarled the Bad Chap. He was dragging poor Uncle Wiggily away when, all of a sudden, four little rabbit girls, whom Mr. Longears had never seen before, rushed out of the bushes.

"Stop! Let Uncle Wiggily go!" cried one of the rabbit girls.

"Not for you! Why should I?" barked the Fox.

"Listen," said another little rabbit girl. "If you can guess our names we will let you take us away in place of Uncle Wiggily. We are named after four flowers like this. Quickly the rabbit girl drew on the ground four flower pictures that stand for girls' names."

"If you guess them you can take us instead of Uncle Wiggily!" said the brave little rabbit maidens.

"Oh, what a jolly puzzle!" thought Mr. Longears, who knew the Fox would not bite him. And if the clothes pole will take a basket of ironmends to the washbasin in the laundry, I'll tell you next about Uncle Wiggily and the people's puzzle.

"What's a 'Civil Servant,' mummie?" "I have never had one, darling."

THE LONDON DAILY MAIL CHRONICLES Happenings in Year Two Thousand

A fine piece of imaginative reporting has been accomplished by The London Daily Mail with publication of a full sized twenty-four page newspaper dated January 1, 2000.

The paper constitutes an interesting guess of what will be news at the turn of the next century. Television, death rays, super-speedy buses, ten miles a minute airplanes, crashproof lingerie for the air traveler, and scores of other extraordinary things make up the news, a la Jules Verne, in the Daily Mail for the first day of the twenty-first century.

The war in the Regent Street in the afternoon of December 31, 1999, and the reporter cowering it writes: The air fire squad (No. 2 b section)

NEWS IN BRIEF

A special meeting of the Sanich Conservative Association will be held in the Conservative Rooms, Campbell Building, on Tuesday, June 5, at 8 p.m., in connection with the Conservative picnic to be held at Beaver Lake on July 2.

The officers and ratings of H.M.S. Durban, which will be accepted by the invitation of the British Legion, Canadian Legion, to a smoking concert on Wednesday evening. The British cruiser arrived in the city to-day from China.

Owing to to-day being a public holiday, the Victoria Local Council of the Amalgamated Civil Servants of Canada will hold its regular monthly meeting on June 5 in the Provincial Civil Servants Club Rooms, Menzies Street, commencing promptly at 8 p.m.

Ward Five Liberal Association will hold a general business meeting on Wednesday evening at 8 o'clock at headquarters, Government and Broughton Streets, when important matters will be dealt with. All members and others interested are invited to be present.

Alderman E. A. C. Dewar will address a Liberal meeting in the association rooms at Government and Broughton Streets, on Thursday, June 7, commencing at 8 p.m. The meeting is being held under the auspices of Ward Two, and will be followed by card games for which prizes will be awarded. This event is open to all Liberals and their friends.

Saturday's tag day realized \$449.33 for the funds of the Connaught Seamen's Institute and the Ladies' Guild for Sailors, who are in charge of the institute, which, throughout and Sunday, the convener, to thank all those who contributed or assisted in any way; and particularly the Melrose Co., the Friendly Help Society, the Boys' Naval Brigade, the Cathedral Junior W.A., St. George's Society, the Catholic Women's League and other kind friends.

Harold G. Beall, who has been engaged in physical work of the Y.M.C.A. in Calcutta, is back in the city on a vacation, and will address the Y.M.C.A. in the schoolroom at 8 p.m. Mr. Beall has spent many years in India and will have many interesting things to tell of his work there and of the manners and customs of the people. This will probably be the last meeting of the season.

A week-end free from major accidents was reported by officers of the provincial, city and district police to-day, following a Saturday and Sunday in which an unusual exodus of picnic parties had taken place. Several drivers reported minor accidents but no persons were injured. Officers of the provincial police patrolled the highways leading north, while Sanich officers were busy on the George Road and the main Sanich thoroughfares. Fire departments in the same period were quiet, and there were no cases on the dock for the city police court this morning.

MAN IS DROWNED IN ALBERTA LAKE

Young Woman Swam to Island After Their Canoe Had Turned Over

Edmonton, June 4.—Roderick S. C. Potter, twenty-nine, a well-known young native Edmontonian, lost his life at North Cooking Lake early Sunday morning when a canoe in which he was paddling with Miss Virginia Tapprell of Calgary, overturned between North Cooking Lake Village and Morris Island.

For two hours in the darkness the couple clung to the upturned craft as it drifted with the wind parallel to the island. Miss Tapprell gallantly staying with her companion, who was unable to swim. Finally, as the cold water sapped the last of their strength, she decided to attempt to reach the island and summon assistance. The two shook hands before she struck out.

Only the fact that she was an exceptionally strong swimmer made Miss Tapprell's desperate chance possible. As it was, she collapsed the moment her feet touched the island and it was sunrise when she recovered consciousness. The canoe on the island was unoccupied, the season being early, and she was unable to secure a paddle for a boat she discovered in one of the bushhouses. In the meantime, the canoe and her companion had disappeared.

Members of the house party which the couple were attending who had set out in search of them when their continued absence was noted, discovered Miss Tapprell on the island at 7 o'clock Sunday morning.

The canoe was found shortly after noon, it having drifted a couple of miles, and later the coat of the missing man was discovered midway between the boat and the island.

The accident occurred between midnight and 1 a.m.

Railroad Trainmen Appoint Officers

Cleveland, Ohio, June 4.—After having been defeated for re-election as president at its triennial convention here to-day, W. G. Lee was elected secretary-treasurer of the Brotherhood of Railroad Trainmen over W. G. Anderson of Kansas City, 503 to 444. A. P. Whitney, secretary-treasurer, defeated Lee for the president's chair.

New Governor Of Bombay Named

London, June 4.—(Canadian Press Cable).—The appointment of Major-General Sir Frederick Sykes, present Conservative member of Parliament for Halifax, Sheffield, to the governorship of Bombay, was officially announced to-day. He succeeded Sir Leslie Wilson, whose term ends soon.

FISHWALK AND CLIMB UP TREES

T. P. McConnell Tells Gyros of Freaks; E. Branscombe Also Speaks

Edward Branscombe of London, leader of the Westminster Glee Singers, and T. P. McConnell, prominent local naturalist, were the speakers at to-day's luncheon of the Gyro Club at the Chamber of Commerce. The members of the Westminster Singers were guests of the club and after lunch the luncheon was taken for a drive around the city by the Gyros.

Mr. Branscombe used one of the Gyros to illustrate some truths which had been forcibly brought before him during his tour of Canada. He lauded the purpose of service clubs and told of the "giving" hands as a means of amelioration of the troubles of the world.

Regarding the power of music he said that it had resulted in great service to humanity and he thought that community singing, with proper appreciation of expression, was a wonderful thing. He thought that it served to eliminate the "dreadful habit" of self-repression with which the Englishman is afflicted.

Mr. McConnell gave a very interesting talk on "Wonders of Animal Life." He told of birds that fly, fish that climb trees, walk on land, and of animals that share with man the ability to escape their enemies and electric fish.

"In Siam the government reaps a large revenue from the principal fish and with fish as the principal," said Mr. McConnell. "The fish are about five inches long and when two of them are placed in a tank, fighting begins. One is either killed or disabled. Men wager their wives and families on the outcome as well as large sums of money."

Gyro Harry Dawson, manager of the Westminster Glee Singers, announced that a third concert would be given on Friday night at the Royal Victoria Theatre in order to please many people who were unable to get seats at the lower prices. The two concerts last week had been great successes he declared. The singers are giving a concert in this city being the only break in their tour.

The funeral will take place on Wednesday, June 6, at 3 o'clock from the Sands Funeral Chapel of the late Mrs. Maude Mary Mackie, who died at her home, Wilkeson Road, on Saturday last. Interment will take place at Royal Oak Burial Park. The late Mrs. Mackie is survived by her husband, two sons and three daughters.

The funeral of Mrs. Ethel Charlotte Macdonell took place from Hayward's B.C. Funeral Chapel Saturday afternoon, proceeding to St. John's Church, where services were conducted by Rev. F. A. Chadwick. There was a large attendance of friends, and many beautiful floral tributes covered the casket. Interment took place in Rose Bay cemetery. The following acted as pallbearers: Messrs. W. B. Lannigan, Ross Sutherland, A. V. Price and Col. A. E. Hodgins.

Mrs. Emily Gertrude Thompson, wife of Rev. George Thompson of Victoria, B.C., passed away yesterday in this city. The remains will be forwarded by the B.C. Funeral Chapel to-morrow to Kelowna for interment.

There passed away at an early hour this morning at Vancouver, B.C., Mrs. Mary Jane Blatchford, aged seventy-eight years, relict of the late Martin J. Blatchford, formerly of Colwood. She is mourned by one son and two daughters. The remains will arrive on Tuesday afternoon's boat and will be removed to McCall Bros. Funeral Home from which the funeral will take place on Wednesday afternoon, proceeding to St. John's Church, Colwood, where service will be held at 3.30 o'clock. Interment will be made in the churchyard. Friends are requested kindly to omit flowers.

Funeral service will be held at the Thompson Funeral Home, 1925 Quadra Street, to-morrow afternoon at 2 o'clock for the late Miss Mary A. Patterson, who passed away at St. Joseph's Hospital Friday morning. Interment will be made in the Royal Oak Burial Park.

At St. Joseph's Hospital last evening the death occurred of Mrs. Norma Lucille Fagan, wife of Patrick Fagan, 516 Harbinger Avenue, aged forty-two years. She was born in Renton, Washington, and had been a resident of this city for the past ten years. Mrs. Fagan is survived by her husband, one son, Mathew, in California, and one daughter, Norma Fagan, at home, also one brother, William McGill, of Chalmers. The funeral will take place on Wednesday, June 6, the cortege leaving the Sands Funeral Chapel at 2.50 o'clock. Ten minutes later service will be celebrated at St. Andrew's Cathedral and the remains will be laid to rest in the family plot at Ross Bay Cemetery.

There passed away at the Royal Jubilee Hospital at 11.15 p.m. yesterday Marion Isabel Violet Ferguson, only daughter of the late James Ferguson and Mrs. James Ferguson, of Martindale Road, Keating. She is survived by her mother and one brother at home. The funeral will take place on Wednesday, June 6, the cortege leaving the Sands Funeral Chapel at 2.30 p.m., and at 3 o'clock services will be conducted at the South Saanich United Church by Rev. M. W. Lees. The remains will be laid to rest in the Shady Creek Cemetery. Friends are asked to omit flowers.

Japanese Child In New Westminster Loses Her Life

New Westminster, June 4.—Yoshi Ishida, four, daughter of J. Ishida, Fourteenth Street and Fourth Avenue, New Westminster, lost her life and her sister, Chigo, three, in the Royal Columbian Hospital in a serious condition, as the result of burns suffered at noon yesterday. The older child died in the hospital this morning.

The children were injured while playing at a dump at the foot of Twelfth Street, where the city is having rubbish burned. They were standing in ashes and scalding mud on the outskirts of the fire, and the lower parts of their bodies were burned.

RIFLE MEET ON JULY 4

BY-ELECTIONS PROBABLE NOW IN ENGLAND

Three Peerages, Appointment and Resignation Leave Vacancies in House

London, June 4.—(Canadian Press Cable).—Because of three new peerages, one prospective appointment and resignation, five by-elections are probable in British constituencies before long.

An exciting fight is looked for in Cargaret, whose present representative, Sir Alfred Mond, has been elevated to the peerage. The prospective Conservative nominee to succeed Sir Alfred is Sir Arthur C. Mansel, barrister and justice of the peace. Like Sir Alfred, Sir Arthur succeeded from the Liberals to the Conservatives in 1926 after sitting for a short term, 1923-24, as Liberal member for Penryn and Cornwall.

Other candidates in Cargaret have not yet been selected, but there is every prospect of a triangular fight.

Holborne, where Colonel Sir James Remnant, Conservative, has been elevated to the peerage, is considered by political observers to be fairly safe for the Conservative Party.

GOVERNOR OF BOMBAY. Spoom, vacant through Sir Rowland Bladen's elevation, also is considered safe, as is Hallam, Sheffield, a working class constituency. Its present member, Sir Frederick Sykes, is expected to be appointed Governor of Bombay in succession to Sir Leslie Wilson, whose term expires shortly.

An interesting situation is probable in the Irish city of Halifax, where Sir Hon. J. H. Whitley, Liberal, leaves with his impending resignation from the speakership. He has represented his native town in the House for twenty-four years. Sir Whitley's tenure of the speakership more than once threatened to oppose him.

His predecessor, James Lowther, now Lord Ullswater, Mr. Whitley came to the speakership after a long term as chairman of committees.

LEAGUE HEARS CHINA PROTEST

At Geneva Council Members Will Privately Discuss Shantung Statement

Geneva, June 4.—The protest of business men and bankers of China against the Japanese occupation of Shantung province may possibly be discussed privately by members of the Council of the League of Nations, President Bethancourt told the Associated Press to-day. He made the statement prior to the opening of the first meeting of the fiftieth session of the Council.

Among the organizations which signed the protest was the Chinese National Association of Chambers of Commerce, the General Chamber of Commerce of Shanghai, the Association of Chinese Banks, the Chinese Newspaper Association, the Chinese Journalists Union and the Chinese Bankers' Guild. The protest warned the League that unless justice was done to China, the League itself must bear a share of blame for the consequences.

Sir Esme Howard Honored By the King

Washington, June 4.—(Canadian Press).—Announcement from London that King George had conferred the degree of Grand Commander of the Bath on Sir Esme Howard has been received here with keen satisfaction. Congratulations are pouring in from official and social quarters. Secretary of State Kellogg expressed satisfaction that the dean of the Washington diplomatic corps had been singled out by the King for practically the highest honor which could have been bestowed. The Ambassador became a knight in 1919, when he was made a Knight Commander of the Bath.

CAPT. WILKINS IS KNIGHTED

London, June 4.—It is now "Sir" George Wilkins. The intrepid Australian captain who flew with Lieut. Carl Eielson from Alaska to Spitzbergen was granted a knighthood to-day on the occasion of King George's sixty-third birthday anniversary.

Australia Will Support Pact For War Renunciation

London, June 4.—The British Foreign Office to-day made public a note by Sir Austen Chamberlain, Foreign Secretary, to Ray Atherton, United States charge d'affaires, that the Australian Government is happy to co-operate in the fullest extent to an original signatory in the proposed treaty for the renunciation of war.

GLEE SINGERS HERE FRIDAY

Return Engagement of Westminster Choristers at Royal Victoria

After a triumphant tour across Canada, which culminated in a highly successful engagement at the Royal Theatre last Friday and Saturday, under the auspices of the Gyro Club, The Westminster Glee Singers will take a short respite from the strain of traveling for three or four days they will remain in Victoria. During this period arrangements have been made by the Gyro Club, at the insistence of many unable to hear the Old Country songs, which delighted two capacity audiences, for a special return engagement on Friday, June 8, when an entirely new programme will be presented. The concert will be held in the Royal Victoria Theatre, where seats will be on sale at the box office, on Wednesday, June 6. If the numerous inquiries already received are any indication as to the general demand, it is advised that seats be procured at an early date.

400 KILLED IN BATTLE ON CHINA ISLAND

Troops of Southern Chinese Government Round Up Hainan Communists

Martial Law May Be Enforced in Canton to Prevent Red Uprising

Canton, China, June 4.—Four hundred communists were killed and 400 captured in Lingshui, on the island of Hainan, May 30, in a clash with Government troops, according to advices received in Canton to-day.

Hostilities between the Government troops and the communists had been sporadic in recent months and the troops attacked the communists after purposely permitting them to enter the city.

There are rumors in Canton that martial law may be proclaimed in this city and that a Red uprising is possible.

Hainan is an island off the coast of Kwangtung Province, Southern China.

Murderess In Ontario Tries To End Life

Windsor, Ont., June 4.—When the watch which has been kept over Mrs. Angelina Montfort, who strangled her two children on Thursday, was relaxed a little last night in the county jail at Sandwich, the woman carried out her expressed intention to attempt to end her own life. She was found partly undressed, hanging from a bar of the cell door, having used some of her clothing to make a noose. She is expected to recover.

British Embassy Cornerstone Is Laid In Washington

Washington, June 4.—"In the name of King George V. I declare this cornerstone well and truly laid," said Sir Basil Howard, British Ambassador to the United States in Washington yesterday.

He stood in the midst of a few hundred friendly people, "British for the most part, with a sprinkling of United States citizens, on the site of the new British Embassy, which is to be erected within the next eighteen months on Massachusetts Avenue, near the Observatory.

In a few words of greeting to the audience, Sir Esme expressed the hope that the building which would arise on the site would forever be the home of men who worked for lasting peace between Great Britain and the United States.

New Zealand Is To Seek New Trade Pact With Canada

Winnipeg, June 4.—The New Zealand correspondent of The Manitoba Free Press says: "The New Zealand Government hopes next year to make a definite move for a separate trade treaty with Canada by sending over Hon. Downie Stewart, Minister of Finance and Customs."

In a recent address Mr. Stewart announced he hoped to make the trip next year in order to negotiate, if possible, a separate trade treaty in lieu of the arrangement under which New Zealand receives certain advantages under the Australian-Canadian treaty."

EXPORTS TO CANADA FROM U.S. INCREASE

Ottawa, June 4.—In April Canada imported goods to the value of \$56,391,065 from the United States and in the same period exported to that country goods worth \$29,500,970. The imports represent an increase of nearly \$5,000,000 over April of last year and the exports a decline of over \$1,000,000. For the twelve months ending April 30 this year, the imports from the United States totaled \$734,108,865, an increase of over \$30,000,000 when compared with the corresponding period ending April 30, 1927. Exports in the twelve months period, however, increased by over \$9,000,000 to \$476,958,137.

STOCK MARKETS — FINANCIAL NEWS — GRAIN MARKETS

TO-DAY'S GRAIN MARKETS

(By B.C. Bond Corporation)
Chicago, June 4.—Market opened lower in sympathy with Liverpool and on rain reports in Alberta. Aggressive buying developed on the break, however, and with unfavorable crop reports from the Northwest, prices advanced more than three cents from the early low. Selling against offers checked the upturn, and later there was a reaction on profit taking. No rain of consequence was received over the week-end over the American northwest, and the forecast was for fair and somewhat warmer.

Corn reports from the northwest were pessimistic generally, with complaints the crop deteriorating was rapid and rain urgently needed. Export demand was slow. Foreign crop conditions were reported as somewhat more favorable. Weather remains the dominating influence in wheat.

Corn market was neglected and prices held within narrow limits, with trade largely of a local character. Country offerings to arrive remain small. Cash demand was better and locals held firm. Weather over the belt is more favorable and forecast is for somewhat higher temperatures.

Wheat—High 130-131, Low 129-130, Close 130-131.

CALGARY OIL SPECULATION GETS SETBACK

Turner Valley East Flank Proves Dry; Land and Drilling Companies Suffer

Toronto, June 4.—Speculation in the stocks of Calgary oil and land companies has received a setback as a result of the publication here by The Financial Post of facts which indicate that the whole east flank of the Turner Valley oil structure is barren of oil. This revelation affects not only companies drilling for oil, but also land-holding companies, which held large acreage and hoped to benefit from royalties paid by companies drilling on their lands.

The Post says that the conclusion that the east flank is barren has been arrived at by the Mid-Valley Oil Company, which has held leases on this area with other companies which have spent vast sums of money in drilling there.

This decision is dictated by the abandoning of the British Dominion Oil and Development well at 6,600 feet, said to be the deepest well in Canada. Further north and along the same flank of the anticline, the Great West Oil Company has abandoned a well at 5,370 feet. Both holes were dry.

Mid-Valley Oil has a lease just north of the British Dominion well and has reached the conclusion that the abandoning of these two wells has killed the chances of nine companies on the same structure. These are given as follows: Turner, Scotia, Empress, Locarno, Highland, Big Chief, Mid-Valley, along with British Dominion and Great West.

Mid-Valley people point out that the abandoned wells cost \$150,000 each. Also that in every other section of the Turner Valley structure drilled to date, commercial production has been reached at 5,000 feet or less. President H. V. O'Reilly of Mid-Valley, says that in justice to those responsible for the choice of these locations, it must be remembered that in the Spring of 1926, prior to drilling of wells on the east flank, no part of the Turner Valley was more favorably recommended by petroleum technologists.

ARRIVES FOR WHEAT POOL CONFERENCE

Sir Thomas Allen, Co-operative Trading Leader, on S.S. Scotland

Quebec, June 4.—En route to Winnipeg to attend the national wheat pool conference, Sir Thomas Allen of the Canadian Pacific left Quebec yesterday afternoon on board the Canadian Pacific liner Empress of Scotland.

Sir Thomas, who is the leader of co-operative trading in Great Britain, is at the head of many important co-operative organizations in the Old Country, among them the Co-operative Wholesale Society and the Co-operative Insurance, which is also chairman of the New Zealand Free-Trade Association, as well as being a member of the International Co-operative Alliance.

The Empress of Scotland, commanded by Commander James Turnbull, carried a heavy list of passengers, among whom were C. F. Frank of Montreal, Austrian consul in that city, Mrs. Hewitt McLean, sister-in-law of W. R. McLean of the Canadian Pacific Railway; Mrs. T. B. Gillespie, wife of the late Sir Thomas, and Mr. and Mrs. T. E. W. Eaton, also of Toronto and the Hon. Hans Gladbeck, Norwegian vice-consul in Cleveland.

Sir James Aird, president of the Canadian Bank of Commerce, accompanied by Lady Aird, and the Southern Cross, after touring Europe, were also passengers on the liner, as well as Lady Aikins, returning to Winnipeg.

Many Americans who have been visiting European cities and points also came back via the Empress of Scotland route. The Empress had over nine hundred passengers.

The first leg of the flight was from California to Hawaii.

Fanning Island, June 4.—After a long silence the monoplane Southern Cross, which had been sighted on June 3, was seen at 3:30 a.m. (6:30 a.m. Victoria Time) the following message:

"Doing fine. Been expecting to sight land, but none yet. It is not so clear as one would like. Altitude 1,000 feet, speed, eighty knots."

The plane was flying at an altitude of 1,400 feet. The ship's operator said the air was rough, but the weather fair.

TOKIO OFFERING SECOND GREATEST BOND ISSUE IN N.Y.

New York, June 4.—(By Branson Brown).—The \$120,000,000 issue of bonds of the Tokio Electric Light Company, which is expected to make its appearance in the market before the end of the current week, will outrank in size any foreign corporate issue ever floated in New York.

It will, moreover, come within \$3,000,000 of equalling the largest American public utility bond offering on record, an issue of \$125,000,000 debentures offered on January 8, 1925, by the American Telegraph and Telephone Company.

MARKETING OIL

In the early days of the oil industry oil was shipped in barrels. This was found to be expensive, so tank cars were built. In addition, oil was carried on flat boats surmounted by iron tanks. This picture gives a bird's-eye view of the oil industry. The oil is pumped out of the earth and passes through a field storage tank to a steamer and tank cars.

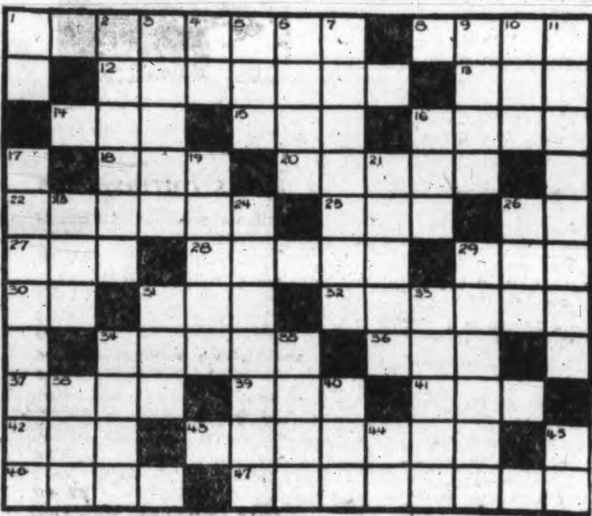

Teamsters at first fought transportation of oil by pipe line, and destroyed many of the early pipe lines. Sometimes there were riots.

Powerful pumps such as this one shown here are stationed along the pipe lines every few miles to drive the oil onward.

This picture shows how the oil is pumped for miles through pipe lines, showing a series of pumping stations like the one in the foreground. Sometimes paraffin collects on the sides of the pipes and clogs them up. When this happens a machine with sharp revolving knives, known as a "go-devil," is put into the pipes, and it scrapes the interiors clean. (To Be Continued)

To-morrow's Horoscope

TUESDAY, JUNE 5, 1928

This is an unfortunate day, according to the reading of the stars and it is well to watch one's step.

Aviation is subject to adverse sway that warns special care in piloting planes. Again the stars indicate much wrong thinking among the people, who will be inclined to criticize, where they are likely to reach unjust conclusions. It is not an auspicious date for beginning ocean voyages, for delays and unforeseen circumstances are foretold.

The seers foretell for the Summer unprecedented crowds of European travelers, who will spend much money. Closer world relations are indicated by the stars, which presage marvelous development in radio as well as aeroplane communication. The seers prophesy that next year transatlantic flights in heavier-than-air machines will be common and that

general use of aeroplanes will be established as an ordinary means of transportation. This is not a favorable way under which to seek any sort of contributions and may be most unlucky where political interests are involved. Much harsh personal criticism in newspapers is foreshadowed and libel suits are discerned on the far horizon.

Discredit for a national leader in public affairs is prognosticated. He will burn his fingers by playing with fire for his own personal amusement, is the prediction. Deception is supposed to be especially easy while this configuration prevails. Women should beware of insincere wooers. Persons whose birthdate it is should

be exceedingly careful lest they lose luggage when they travel in the coming year. Children born on this day probably will be fond of mystery and intrigue. They should be carefully trained to stick to the truth. (Copyrighted by McClure Newspaper Syndicate)

One Box Relieved Terrible Backache

Dodd's Kidney Pills were Recommended by Friend

"I suffered with Rheumatism and very bad Backache when a friend advised me to take Dodd's Kidney Pills," writes Mrs. G. S. Freeze of Annapolis, Queen's Co., N.B. "My Mother had used lots of them with good results. I tried them and found improvement after half a box. Before I had taken a full box I was better."

When you have Backache it is often a timely warning that the kidneys are not working as they should. Do not delay, but make and keep a body healthy by using Dodd's Kidney Pills. For over a third of a century they have been highly recommended as the best treatment for ailing kidneys.

Jefferson Docks With Large Cargo

American Mail Liner Brings 825 Tons for Discharge Here; Prominent People Travel First Cabin; Mail Consignment Heavy

With one of the largest cargoes to be brought here this year, the American Mail liner President Jefferson docked at the Rithet Consolidated piers at 5 o'clock this morning with 825 tons for this port. The Jefferson was in port five hours discharging cargo which included made-up silk goods, 3,000 crates of dried onions and the usual Oriental cargo—rice, tea, pineapple and bamboo ware. Several hundred tons will be taken on to Vancouver this evening on the midnight boat, to be shipped east.

The Jefferson had a splendid trip. Capt. Alvin V. Lustig stating that the weather had been exceptionally fine.

PASSENGER LIST

The passenger list on the Jefferson included seventy-seven first cabin and 236 steerage. Of these fifty-nine disembarked at this port. The fifty passengers leaving the ship here were Frank Dickinson and George Spaulding, missionaries who have been stationed in the Orient for a number of years and who are en route to the United States; Mrs. G. F. Fiske and Miss Fiske, English tourists who will stop here a few days before crossing the continent to embark for their home in London; Mr. Henderson and Mrs. Henderson, Mr. Henderson is the publisher of Henderson's Magazine in Shanghai. Mr. and Mrs. Henderson will spend the Summer in Victoria, returning to their home in the Orient in the Autumn.

F. L. Perley and Mrs. Perley and I. M. Isaacs also left the liner at Victoria.

SEATTLE PASSENGERS

Seattle passengers included W. W. Fowler, manufacturing agent of the United States, returning home from Peking where he has had business with the Chinese Government Railway; Mrs. W. S. Dupree and Master Hugh W. Dupree, Mrs. Dupree is the wife of the manager of the Asiatic Petroleum Company of Hankow, China, en route to spend a holiday at Portland, Oregon; A. R. Carr, master mechanic connected with the United States navy yard at Cavite, en route to Dexter, Maine, to spend a holiday.

JENELVA TAKES BLANSHARD CUP

Seattle Yacht Arrives Eight Minutes Ahead of Time at Cudbory Bay

Winning the Norman Blanshard Cup the power boat Jenelva, owned by David Brettingham of the Seattle Yacht Club won the race between Seattle and the Royal Yacht Club at Cudbory Bay yesterday afternoon. The cruisers were handicapped to arrive at the yacht club at five o'clock. The Jenelva, however, arrived eight minutes before that time and the R.Y.C. owned by Vice-Commodore Quent Williams, came in twelve minutes after the time. The Sueja, owned by Captain James Gray, arrived at 5:15 p.m.; the Weepeau, owned by Norman Blanshard, fifth; the Sally Bruce, owned by Dr. Blackford, fifth; the Blue Pearl, owned by John Graham, sixth; the Lillian Steve, seventh; and the Mar Anne, eighth.

The cruiser race from the Seattle Yacht Club to Cudbory Bay was won by the Genesee, Captain Colin Bedford, while the Gwendolyn came second.

Although the breeze was not all that was desired by some of the entrants, the several hundred people who lined the shores along the course of the race enjoyed thoroughly the lively clip at which all the ships sped through the water. The course for the race was from the yacht club float to the Willows Beach, via Flower Point and the Cudbory Bay Hotel and then to the start.

Captain J. F. Dick's Ashore won the cruiser race with Captain Walter E. Adams' Tuant a close second. Major W. H. Langley's Dorothy was a resident of Manila, the star boat race with Montaka second. The race for sailing dinghies was taken by Ginger Hotham's Puffin, who won by only a margin of one second over Dick Whittington's Catboat. Owen Smith came third with Vice-Commodore Wallace fourth.

Fred Robertson with the Iola came in well ahead of his competitors in the dingy and to back nearly two hundred people were in attendance. Most of the Seattle yachts left yesterday afternoon for the Sound city with the intention of soon returning to compete with local yachtsmen.

ACCIDENT IS JURY'S VERDICT

Jury in Montreal Term Death of Man, Under Unique Circumstances, God's Act

Montreal, June 4.—An accident by the act of God was the verdict returned by a jury under Dr. Homer E. Mitchell, coroner, of Bedford, Que., in the case of Joseph Beize. He stated that he had seen a sudden raising of the wind of such proportion that he sensed danger and shut off the power of his engine and applied the brakes.

"Looking back," said the witness, "I saw the passenger and the express cars blown right off the track into the ditch. By that time the train was stopped and rushed to the assistance of the passengers with Conductor Pickle."

Both Conductor H. A. Pickle and Fireman Phillip L. L. Taylor, who were on the train, corroborated the evidence of the engineer.

SAFETY SHIPMENT

San Francisco, June 4.—San Francisco friends of Miss Gladys A. Taylor, who is well known here, were preparing to send her congratulations on her appointment as passenger advertising manager for the United Fruit Company, which recently established a service here. Her headquarters will be in New York.

The American-Hawaiian steamship company, Antonio Denon, of O. and O. Line, announced to-day that the steamer Golden Sun, leaving here June 30, would inaugurate a service connecting the coast ports direct with Saigon, capital of Cochinchina.

After a week spent in San Francisco conferring with William G. Pritch, Pacific coast passenger agent for the United States Lines, O. and O. Line, passenger traffic manager of the company, left yesterday for Seattle. He will spend a week in the Washington city before returning to his headquarters in New York. Before leaving San Francisco, Smyth stated that he was well pleased with conditions on this coast.

The Western liner Malolo, with 200 passengers, sailed from here yesterday for Honolulu. Included in the passenger list was the northern California and Oregon delegation of advertising clubs for the Hawaiian Islands for the 1928 convention.

H.M.S. DURBAN TO ARRIVE FOR WEEKS VISIT

British Warship From Chinese Waters Will Tie Up at Esquimalt at 6 o'clock

On a courtesy trip to North Pacific waters, H.M.S. Durban will arrive at Esquimalt about 6 o'clock this evening, according to word received at the Esquimalt Naval Barracks. The Durban is from Chinese waters, where she has been stationed. She will leave Victoria on June 12 to visit Vancouver and other British Columbia ports before leaving for Bermuda with H.M.S. Despatch, due here August 11.

Commander P. W. Nelles, senior naval officer at Esquimalt, will be on board immediately after the arrival of the ship, and to-morrow His Honor the Lieutenant-Governor, the Premier of the Province, and Alderman R. B. Brown, acting Mayor of Victoria, will pay official visits. These calls will be returned by the commander of the vessel, Capt. George Lincoln Coleridge.

H.M.S. Durban is a ship of the light cruiser "D" class, of 4,650 tons. She is a sister ship to the Despatch, the Danes, the Dauntless, the Dragon and the Delhi, the latter four having visited Victoria with H.M.S. Hood in June, 1924, at the time the British fleet called at this city during the course of her tour to British world possessions. The Durban, which is fitted up as a flagship has a length of 472 feet six inches, and a beam of forty-six feet, six inches. She has a depth of fourteen feet six inches. She was built by the Scott's Shipbuilding and Engineering Company of Greenock in 1918-21. She was commenced in January, 1918, and was completed in September, 1921. The Durban is an oil burner and has a speed of twenty-eight knots.

Heavily armed the cruiser has six six-inch guns, three four-inch anti-aircraft, four three-pounders, two two-pound pom-pom guns, eight Lewis guns, and twelve twenty-one-inch torpedo tubes in four triple deck mountings. In common with the Despatch and the Delhi, the Durban is fitted up with a revolving aeroplane platform and a gun.

Four hundred and twenty-five men, officers and sailors, make up the complement of the Durban.

The officers of the vessel are as follows: Commander E. F. Shelley, Lieutenant-Commander C. D. Bury, Lieutenant-Commander W. G. Agnew, Lieutenant D. A. Parker, Lieutenant Chamberlain, Lieutenant Newham, Lieutenant L. Liddell, Ensign-Commander P. H. Jeffcott, Sub-Lieutenant B. L. C. Turner, W. H. Lake, commissioned torpedo gunner.
